

What Is “Soul Healing” and Why Do I Need It?

Doug Addison with Katie Souza [Episode 20]

July 12, 2017

Hey everybody, welcome to another Spirit Connection Podcast. Doug Addison here. Do you know what? I am excited that we are going to do some things today that are going to radically change your life. I have been praying and I have a special guest on and we have been praying. The heavens are open. There is a strong anointing to break things open. There is a strong anointing for healing and for revelation that is going to flow from Heaven. I tell you, I do not usually say this unless it is for real, but this is happening right now. I want to just say you might even want to pull the car over. There is seriously a strong anointing that is coming from Heaven right now, like an open heaven, and I am excited for what is going on.

I am excited too for my guest, who is a really good friend of mine. Katie Souza from Expected End Ministries. Now, if you do not know Katie, she was a career criminal. She left that when she got really radically changed in prison. She has an amazing story. She is on TV now. She ministers in prisons and conferences. She is a writer. She is a powerful minister. She is very prophetic. She understands dreams and her specialty is healing of the soul. Now, I have to tell you, Katie has really helped me. I credit her, because some of the most powerful healings that I have gotten—over the last few months even—have been through her ministry and her helping me.

Doug: Welcome, Katie!

Katie: Hi, my friend. How are you?

Doug: I am doing good. How are you doing?

Katie: I am doing great. I love being with you. It is terrific times when we get together to do these things.

Doug: Yes, it is so powerful. You know, you have been running around doing the stuff and you have some amazing testimonies.

Katie: Yes. You know, the miracles are really going up. They are increasing. They are becoming more notable. They are becoming shocking, even in their

power and intensity. It is really fun. It is really fun as you get into healing and you go layer upon layer as you get more and more breakthrough. It just rises and rises and brings more and more glory to the Lord. So, it has been super fun to see God escalate things.

Doug: Yes. Now, I remember talking with you just recently and you shared this thing about some metal disappearing in a prisoner?

Katie: Oh, yes, and it is more than one instance. I mean we have had many, many of these things. I just had a guy who had a bullet in his hand. Somebody had tried to shoot him and as they pulled up the gun to shoot him, he blocked it with his hand and the bullet went into his hand and got lodged against one of his bones. It had been there for years and years, and in the meeting, it just got smaller and smaller and smaller as we prayed until finally it completely disappeared. We had one of the policemen there—the correctional officers—come with a metal detector and test it. He tested with the metal detector on his necklace and it went off. He tested it on his hand and no bullet. It was completely gone.

Doug: Wow!

Katie: Yes. Then another guy in a Texas prison—he used to race motorcycles. He got into a severe accident and they put metal in his knee. He could not bend the knee and it was very painful. He could feel the metal with his hand. It had been in there for a long time and suddenly in the meeting he could start moving his knee and the pain was gone. He reached down and could not feel the metal, so we brought him up and again brought a police officer in with a metal detector. He tested it on his belt—the police officer tested it on his own belt—and the metal detector went off. Then he ran it over the guy's knee and the metal was completely gone, completely gone.

Doug: Wow! Praise God!

Katie: Yes. Then two guys in another prison ... one guy got hit by a 32-foot long oil rigging pipe and broke his back and his neck and had a 15-inch long surgery scar. They had to put in two plates and three 10-inch metal rods. I saw angels in that one coming down with body parts from Heaven on platters—from an open heaven down Jacob's ladder—and they traded out the body parts. A sergeant was there with a metal detector and he came and tested the guy's back and no metal. It was completely gone.

Doug: This blows me away. I am so excited. Now, you have those happening in meetings outside of prisons too, right?

Katie: Yes. We have had like ... I had a woman who had metal in her hip. She could barely move. It was very painful. She came up on the platform and did the splits. Then another woman ...

Doug: Wow!

Katie: Yes. She is 57-year-old. I would say, “Give me that anointing, will you?” Then another lady—she had some deck screw-sized metal in her arm because her arm bone had split in half and they used these big screws to screw them together. She could not raise her arms and could not put up her hair because of pain in her arm. Now she has full movement, no pain. You know, we see sometimes the metal completely disappears and then other times it like changes its molecular form and people are able to bend their ankles. If they had metal in their ankles and they could not bend them before or they could not move before. The metal might still be there, but it has now changed its form and it is able to bend and do things that it could not do. So, it either happens to where the metal changes its form, the metal totally disappears, or the metal stays and the pain is gone.

Doug: Wow!

Katie: So, we are seeing a variety of different manifestations of this particular ...

Doug: This is heavy metal, I guess. You know, there is a heavy metal for the Lord.

Katie: Heavy metal. Amen.

Doug: Were you ever into heavy metal in the past?

Katie: Oh, my God. Yes. Well, I had a band and we used to play heavy metal.

Doug: I am just telling you, the Lord is redeeming this. I can hear angels laughing right now. This really is a powerful redemption story that you are doing right now.

Katie: Thank you. It is awesome. I love it. I love it.

Doug: So, what are the other things that you are doing in your ministry?

Katie: Well, you know, we are going out a lot. We are doing prison ministry, of course. We are seeing so many miracles. A lot especially when I teach on the spirit of Legion, which we are probably going to be talking about today. And, you know, I am doing regular meetings in churches also and doing some overseas work and writing a new book. There are a lot of things going on. We are now the ten percent owners of a new channel on Dish Network. It is channel 269 called Faith USA. We have a part founding ownership in that, so we are very excited about that because my goal was to get into prison. We think we can arrange for that to happen through Dish and also to have good primetime slots for our own broadcasts called *Healing Your Soul: Real Keys to the Miraculous*, and also to give some slot time to my friends. I mean, I have a lot of supernatural friends who do not have the access to be able to broadcast on a normal network that costs, you know, thousands and thousands and tens of thousands of dollars, and this is an opportunity for

them to be able to afford to be able to broadcast. So, I am bringing a lot of my friends in on it. Joan Hunter is one of them. Patricia King is another one. I am bringing up Donna Schambach, R.W. Schambach's granddaughter. She is going to start a broadcast. I have asked you. I do not know what the Lord will do with that, but we will find out. It is exciting. So, we have a lot of things going on.

Doug: Yes, I know. Well, the Lord has been talking to me about the redemption coming for what was stolen from me. You know, I got afflicted and I was kind of out ... not out of it—you never really get out of what God is doing, you know. But I had to go through this four-year affliction. Now I am understanding that I am coming out the other side of this and the Lord is now redeeming these things. So, yes, I have faith for the Dish Network. I have faith for Faith USA, I am telling you.

Katie: All right. Let's do this thing. Amen. I know you have made some huge strides. I am so pleased that ... You know, you have been blessing me with a lot of revelation about the courts and so I am really glad I got to bless you back with revelation on how to bring you to the level you are at now. You have had a major, massive breakthrough and it had to with the spirit of Legion, I believe.

Doug: Yes. You know, I was not sure what was going on. You know, I never really talk about it publicly. I do not like to give glory to Satan. You know, I kept getting healed. You know, I would get around Joan Hunter; twice I got miraculously healed with Joan Hunter. I would get around my friend Todd Bentley and I got healed a couple of times. Then, you know, I would get back home and things would go the other way, and that is when I realized ... I knew these things before, but then someone just last year said, "I think you need to really listen to another one of Katie Souza's CDs," you know, and I think I listened to *The Serpent and the Soul*.

Katie: Right, right.

Doug: Yes. So, I realized, oh my goodness, I had some of these things even though I had specialized in healing—you know, healing in my soul and things like that. But now, listen, we are in a new level right now. We are in a new place. I am telling everybody. As of the last Yom Kippur ... you know, during Yom Kippur and Rosh Hashanah there were promotions given out and when we get these promotions if we do not get ready, then we can carry into it, into the new level ... I am not saying we get new devils. We have to then go deeper in the cleansing of our souls.

Katie: Yes, yes. Well, you know, I think the higher we go, the deeper we go back in time to access the ancient things in our bloodline that are really causing the big problems. I mean, it is so hard to diagnose those types of things, because we do not know what our ... Unless by the power of the Holy Spirit, we do not

know what our ancestors did and they were doing all kinds of crazy things. I mean, you know, all kinds of different gods and goddesses and demon worship was going on back then and witchcraft and everything else. It was normal for people to take part in those kinds of things. Those things are carried in our bloodline, but it is hard for us to see them without the supernatural eyes because of, you know, who knows what your grandpa did? Who knows what your grandma did? But as God reveals things and as we dig back deeper and we access those types of things, that is when we see the big breakthroughs happening and that is when we start to see notable manifestations of miracles—impossible things like metal disappearing and things like that happening.

Doug: Yes. That is the next level. You know, when I started out, a couple of years ago I started getting chemical sensitivity really bad. I mean we are talking about a major level of multiple chemical sensitivity. It is very misunderstood by the medical world. I am 100 percent healed. I mean, nothing now. I could not even wear my clothes. My clothes were burning me. This was just, you know, last year. I was so bad, I could not go into my garage. I could not travel. I was having all this trouble here and there. I was ministering on the Internet still, but that is when I went and I finally went to Maricopa where Katie is located and her team ministered to me for two weeks, plus Katie over the phone and text. I had a dramatic breakthrough and I got through the multiple chemical sensitivity. My Lyme test turned, I mean, completely went negative. Huntington's disease—they are no longer finding any trace of it. It is still in my blood, but they are not finding any trace. Anxiety attacks left. I just had one after another. Plus, I had lost 35 pounds. I have gained 20 back in the last two months.

Katie: You know, when I saw you last ... yes, you looked terrific when I saw you last and you were just at a whole new place. A whole new place.

Doug: Yes, that was just last month, right?

Katie: Right.

Doug: It is so powerful because, you know, I start talking to Katie and our friend, Joan Hunter. Joan said ... you know, she has been praying for me and walking me through. You know, she sees miracles and many people see miracles, like Todd Bentley. We all, even in my ministry ... we see miracles, but there are sometimes when you have to walk it out.

Katie: Yes. There are hidden things. There are certain things that ... and I think that is what the Lord has given to us. He has given us the ability to see the hidden things. Like, you know, you went through *The Serpent and the Soul* teaching. Serpents are masters of camouflage. You cannot see them. You do not know that they are there. They know how to hide, and God has been able to show us how to drive those hidden things out to where you can see them. It is the

same thing with the spirit of Legion. Nobody thinks they are fighting with Legion. You ask people, “Have you ever been in battle with Legion?” They go, “No.” I ask that in all my meetings. “Who here has ever battled with Legion,” and there will be zero people. Or two, maybe three people raise their hands. In every single meeting I ask that question, and I will say, “Do you ever have any friends who have ever battled with Legion?” and nobody raises their hand, because people do not think they are battling with Legion or certain other demons. Like snakes, what they are ... and the key is we need to know this is real and to see it and then move in it. The enemy does not want you to know that is who you are fighting, because then you will get rid of him. So he is an expert at hiding. That is one thing I think this ministry carries—the revelation to be able to drive the hidden things out into the open so we can get them.

Doug: Yes, and I have to tell you—and this is not just because I am your friend. But your revelation that you get on this stuff, and especially the serpents—that teaching is so biblically based and it was so eye-opening of how many times even Jesus is talking in terms of serpents and how often it is there.

Katie: You know, people are like, “What are you talking about? You are talking about snakes. You have lost your mind.” You know, Jesus said we were given power to trample on serpents and scorpions. And then in the Great Commission, which is a call to every single believer—not just some, but everyone who believes. It says, “All who believe,” you know, “they are called to baptize people in My Name, to preach to the nations, to lay hands on the sick and they will recover, and to take up serpents.” That is in the Great Commission, and the word “take up” means to remove anything that is attached to anything. So, these serpents are attached to anything and Jesus Himself has called us to remove them—to take up serpents, to take them away from anything they are attached to: money, body, mind, emotions, your house, your kids, whatever. But nobody is walking out that part of the Great Commission. They are not walking it out; they are not. Nobody is, you know, teaching on it. You do not hear anybody teach on it. When they talk about the Great Commission, they kind of just slide over that part of the verse and do not elaborate on it. They do not dig into it. So, this is something big. I mean, I have seen a woman that had a—I will be just blunt—a snake on her breast and when it came off, a walnut-sized tumor came with it and she was healed of stage IV cancer.

Doug: Wow!

Katie: I saw a guy that had a thing on his eye. His whole life this hard shell would form over his eye. It would start small and then get bigger and bigger and then he would have to have it cut out with a laser. Thirty-six times he had to go to the surgeon, from when he was a little boy, and have this thing cut out of his eye. It happened over and over again until he listened to *The Serpent and the Soul*. Then all of a sudden, one day while I was preaching, while he

was listening to me on the CD, he sees a snake poke out of his eye. He ends up prophetically pulling it out of his eye, and at that moment the hard ball thing had started again—the cycle had started again. He pulls the snake out and the ball completely disappears, the pain goes, and it has never returned since.

Doug: Wow! I am so serious. This is similar to what happened to me. When I listened to it, I did the soak. I love that your stuff always has like a soaking CD with it and that is what happens. You get this stuff out, you know. Anyway. I had my good friend—we are all friends—Joan Hunter ...

Katie: Oh, I love her.

Doug: She was praying for me during this time because I was going through it. You know, we could not figure out what was going on, what was the root. She said, “Well, you know, I think you might have Legion” And I am like ... you know, it is not like something that comes up at a cocktail party. It is not like we are really having coffee or anything at church. “Oh, by the way,” you know, “Is that Legion?”

Katie: Right. She texted me and she said, “Hello, my friend Doug Addison needs help. I think it is Legion.” Then after you and I talked I am like, “Oh, yes, this is Legion for sure.” So, we went after it. We went after it. Actually, you know, I love you to death because you are so game and have so much faith, right, to go after stuff, even if you do not like have “expert” knowledge about it. When I told you about it and then I told you what to do, as far as I am aware no one on the planet at that time had ever successfully removed Legion. I mean, really. I mean, I have been given secret revelation on how to do it and I shared it with you and you walked in it and it happened. And so, you just stepped right in, took hold of that revelation, moved in it and it worked.

Doug: Yes. Yes, it powerfully worked. I did not quite understand it at first, you know, and I had to keep calling you back because I did not want to do it backwards or anything like that. I did not want to get repossessed.

Katie: Right, right.

Doug: “Oh, no! Don’t do it that way!” You know, anyway. Yes, it was powerful. Now, what are the symptoms of Legion?

Katie: Well, okay. So, the man—the demoniac who lived among the tombs—he was beating, bruising and cutting himself. He had lost his mind. He was shrieking, screaming. You know, when they would bind him with shackles, he would rip them apart. No one could subdue him, it said, and then when Jesus delivered him, it said he sat their clothed and in his right mind. So, one of the things is in the mind. Legion affects the mind in all kinds of different ways. He can affect the mind with actual mental disorders like depression, anxiety and bipolar diseases. He is able also to control the mind by putting thoughts into

your mind and making you do things. He was driving that man to beat himself, to live naked among the tombs. He drove him out there to live among the tombs to, you know, be constantly shrieking and screaming. He was controlling the man's mind and making him do things that he would not normally do. So, it is about the mind. Also, Legion is a chatterbox. That is another symptom if he is present in your life—if you have mental diseases, you are being driven to do stuff that you normally would not do, and if you have a bunch of chatter in your mind. Now think about it. Legion was a chatterbox. Out of all the demons in the New Testament, he talked, talked, talked, talked, talked. Okay, he is, "Oh, Jesus, what is there in common between us? Oh, Jesus, do not torment me. Oh, Jesus, my name is Legion for we are many. Oh, Jesus, send us into the pigs. Oh, Jesus, do not send us out of the region." I mean, he was talking more than any demon in the New Testament. He loves to chatter and a lot of times he will fill your mind with useless noise. I do not know if I am like everybody else, but I believe it is true. I walk around asking God questions all day long. I am like, "What about this? What about that? What about this? What about that?" When I was trying to deal with getting Legion off of me, I noticed that I would not hear any sensible answers back. I would just hear a bunch of weird responses to my questions. It is like, "This is not God. That does not even make sense." I mean, yes, a lot of times God will tell you something that, you know, "Wow, what does that mean?" It does not fall together until you research it, until you look at it. But with these responses I was hearing, it is like, "That is crazy. That is not even God." And it was not God; it was Legion.

Doug: It was coming through a filter. Yes.

Katie: It was. It was coming through a Legion filter.

Doug: It does not mean that you were not hearing God at the time or anything like that, but it was when you were trying to get specific against it.

Katie: Yes, and because there is mixture—because sometimes you will hear God, and sometimes you just hear the noise—you start to doubt everything. You start to doubt everything, and that is part of Legion's strategy. It is like, "Let me get them to where they are so confused that they just do not know what to believe anymore." Then sometimes he just will speak so much, with so much noise, that he is trying to just plain-old drown out God's voice. Because he does not want you to get ... he does not want you to hear from God, because he knows if you hear from God you will get that one, you know, breakthrough word that you need to solve the problem. You know, you will get that revelation. So, he is just trying to keep your mind full of this junk so that you never hear that. For me, when I was under attack first by Legion many years ago, I was also physically sick at the time. I had vertigo, I had flu symptoms that would not stop even after I would take medication—the strongest antibiotics possible and it would still continue. I would have yeast infections, bladder infections. So, it was like, "What is all this?" I could not

hear an answer from God because my mind was filled with so much noise, until one day I heard the still small voice and I knew it was the Lord. He kind of pierced through that noise and He said, "Put it under torment," and I knew the "it" was whatever this thing was. I did not know it was Legion yet that was afflicting me. So, I remember going into the bathroom and just cussing it out. You know, straight-from-the-street Kate. You are still on the street. I like cussed the devil out. I was like, "Okay, I am going to dig your eyes out with a spoon. I am going to kick you in the crotch with my steel-toed boots," you know? I went for it and he shut up for a minute, because remember what Legion said in Mark 5? He said, "Oh, Jesus, do not torment me." Legion hates to be tormented. He hates to be tormented. So, when I put him under torment, he shut up for just a minute—long enough for me to say, "Okay, quick. Tell me what it is, God," and He gave me that scripture from Mark 5 about the man who was dwelling among the tombs. He told that to me. I think it is Mark 5:3. And He said, "You are dwelling among the tombs, Kate," and I was like, "Well, what does that mean, God?" You know, "What does that mean?" So, I began to study out the Mark 5 story of the spirit of Legion and, boy, I got answers. I mean, I started to realize that I was being tormented by this spirit that nobody really knows about and he was causing my sicknesses because he does not just cause mental diseases. He causes sicknesses as well. When that man was delivered of Legion—the demoniac—it said that, "He sat their clothed in his right mind." So, there is the mental stuff. But if you look up the phrase "right mind" in the Greek there, in the *Strong's Concordance*, it means to be healed of diseases. So, this demon is 6,000 strong. He has lots of numbers and they are doing lots of things. They are attacking the mind, they are also making physical illness happen. I mean, I have seen people healed of shingles—instantly healed of shingles when Legion comes out. I mean, that was a lady at Joan Hunter's meeting—a professional speaker in the meeting—and as soon as she got healed of Legion, boy, her shingles completely disappeared. I mean, I have seen edemas healed. I just had this lady ... she said she did not have ankles when she came into the meeting. She had cankles—cankles because they were swollen with water edema. She said, "I have big donuts around both of my ankles," and she goes, "As soon as I got healed of Legion, it left." Her friends there were testifying it is true. Her ankles were way, way, way swollen like donuts and now they are not. Another lady had edema in her legs. She said water would rush into her legs for 10 years and just cause her legs to swell. When she got healed of Legion, she felt the water rushing out of her legs. She was completely healed and she has never had the edema since. I had a guy in prison who threw up a bunch of water after the meeting and got healed of diverticulitis. I am talking all kinds of crazy ... from roaring in the ears. I had a lady ... she had roaring in her ears for years and years and years—for almost her whole life—and she had a pain that would go down her throat. As soon as she got healed of Legion, water drained out down her ear, down her throat, and the roaring completely stopped. I mean, I could go on and on. I

was healed of chronic bladder and yeast infections. I was healed of lupus that came from Legion. I was healed of chronic flus. I had the flu three or four times a year. I do not have the flu anymore. I do not take flu shots and it is all from Legion. So he does physical sicknesses and he does mental disorders and the mental afflictions. God said I was having my attacks of Legion's because I was, "Dwelling among the tombs like the demoniac." When I looked it up, the word "tombs" means, "A monument set up to preserve a memory of something." See, Legion uses the wounds that come from our soul from the bad things we have lived through—the traumas we have lived through, the memories we have lived through, the excruciating events that we have gone through ... anything that has injured us or wounded us that we have a memory of. We are dwelling among the tombs. We are still dwelling on that divorce. We are still dwelling on the separation or the abandonment when our parents left or one of our parents abandoned us. We are still dwelling among the pain of things that happened in our past when we lost a job and it totally ruined our entire life and we lost our house and our car and everything because of it. We are still dwelling on when we were separated from our children and we cannot stand it and that pain is still there. Legion is using those tombstones, those memories to control us, to afflict us, to make us sick, because when we dwell among the tombs it gives him the right to do that. Now that word "dwell" is very interesting. If you look it up in the Greek, in the *Strong's* it says, "Powers that are said to pervade and control and govern the soul." So, see, the power is there. He was dwelling among the tombs and it allowed powers—Legion—to pervade, to govern and to control him because of the pain, the wounds and the tombs in his soul. So God was saying, "You have some things in your past." I have been through it. You know, my past is crazy. I used to rob people for a living. I cooked dope. I was a drug addict. You know, violent crimes. I had many, many violent charges. So I had a lot of memories ... a lot of tombstones in my soul and Legion was using them to afflict me. One-by-one I started getting those tombs healed and I started getting dominion over Legion. Now I can go into a meeting and teach on this subject and mass healing happens without me laying a hand on anyone. It is just in the atmosphere. An angel called Legion Expert comes into the meeting and he moves throughout the meeting. As the power of God is released, the Holy Spirit with dunamis resurrection power is released to go and invade people's souls and heal their souls of their bad memories and their traumas and their tombs and everything else. Then that spirit comes off of people. Legion Expert is part of that process. The hail of God is a part of that process, and people just line up. I mean, I went to prison and there were 50-60 guys who lined up with major healings when they got healed of Legion and I am talking about notable things. I mean, a guy getting hit by a car and thrown up on the hood and from that moment on having such severe, you know, nerve damage that he had sciatic pain constantly. He also had such bad nerve damage that when he bent over just a little bit, it would cut his airflow and he would start choking and he could not breathe. He would

aspirate. He would not be able to take in any air. I mean, I have seen crazy miracles happen when people got healed of these memories of these tombs that they are dwelling among. Then Legion comes out. When he comes out, there are just so many things that he has been causing that people do not even realize. They think it is a medical issue. “Oh, I have nerve damage.” “No, you have Legion,” and he is stuck to that tombstone and that memory when he got hit by a car. You know, I mean, it is just crazy what is going on and I believe that 95 to 99 percent of all Christians are dealing with Legion to some degree.

Doug: Wow! This is powerful. Now, you know, we think about, “Okay, yes, Katie, you and Doug had a background,” you know, our past. But this is at all levels really.

Katie: It is. It is all levels. Normal people. I mean, the woman who got healed of shingles was a professional speaker at Joan’s place—Joan Hunter’s place—and she had a revelation while we were praying for tombstones that she had gone through hurricanes—Hurricane Ike and another one. I forget the name of it. She was, I think, in New Orleans at the time, or Florida ... one of the two. She had gone through the trauma of these hurricanes. She said, “I did not feel like I was traumatized or wounded by it. I felt like I got over it.” You know, the thing is we are survivors. Human beings naturally have trained themselves how to survive an event. But it does not mean that just because we survive it and we make it through the other side that it did not leave its mark on us, especially its mark on our soul. It is our soul that gets wounded when we go through those things. I mean, Legion said to Jesus, “Oh, Jesus, do not torment me. Do not torment me. What do we have in common? Please do not torment me.” So Legion was saying to Jesus, “You do not have anything in you that is in common with me, so I cannot torment you.” Well, what do we have in common? We have stuff in our soul in common. When we go through sin, it wounds our soul. When we go through traumas, it wounds our soul. When we have those wounds inside our soul, it gives us things in our inner man that are in common with demons and they can use those things in our soul as a legal landing strip to afflict us. That is exactly what Legion does, but when Jesus showed up He did not have anything in His soul. He was not wounded by anything. Jesus’ soul was perfect, just like His spirit was perfect. He was the perfect man. So He did not have anything in Him that was in common with Legion, so Legion had no power to torment Jesus. But Jesus could torment him. So we have to get healed of these things. That woman with the shingles—she went through the trauma of the hurricane. She would never have guessed that it wounded her soul that allowed Legion to attack her and give her the shingles virus. Wow. I would not have guessed that either.

Doug: Yes.

Katie: You know, I mean, it is crazy. We have to realize that just because we survive an event, it does not mean it did not leave its effects on our soul and did not wound us. You know, it is like people get over a divorce, but probably the wounds from what they went through during that process are still in their soul and it allows spirits like Legion to attack them. There are just a lot of things that have happened. This is just a traumatic world.

Doug: That is exactly right. Yes.

Katie: Yes. It is a very traumatic world. People go through traumas daily now—severe ones—and those things are leaving their mark in the form of wounds on our soul and then those wounds are allowing spirits like Legion to have something in common with them so that they can attack us.

Doug: Yes, and Jesus said ... What did He say about that? You know, the prince of ...

Katie: He said in John ... Yes, yes. John. Exactly. In John 14:30, Jesus said Himself, “The prince of this world is coming, but he has nothing in Me”—that is in common with Him—“so he has no power over Me.” The enemy will have no power over us when we have nothing in us that is in common with him. We have nothing in our spirit man that is in common with Satan, because it is perfect. It is Christ and He is the hope of glory. But our soul is different. Our soul has areas that are wounded and have not yet been healed and that is the in-common ground we have with the devil.

Doug: Yes. Wow! Now, I grabbed hold of your teaching on this and I listened to the *Glory Light* teaching a few years ago. The Lord had already been speaking to me. A lot of my healing of my traumatic past had come through a revelation the Lord gave me back in 1991 about healing the tombs—you know, cleaning out those things. I did not realize I was still carrying some of those around, you know. Especially for some people who have been there, done that, you know, we have to be very careful if you have done a lot of it. Maybe you have done Sozo Ministry or maybe even teach Sozo Ministry or maybe you are like me, you know? I have been in ministry 25 years and I am a prophet. I was thinking to myself, “You know, I couldn’t not have this stuff. I have been doing this stuff forever,” you know. But we have to just go back and do a check right now.

Katie: Yes. You know, a lot of people will be sick. They will have an elongated sickness that they are battling with and that will wound them. You get wounded when you are battling being sick every day and that causes the sickness not to go away. It is opening you up even more for the demonic realm to stop you from getting healed from your medications or your supplements, or whatever—you know, juicing you put yourself on or anything else like that. It is preventing that flow of the nutrients and everything going because you cannot medicate a demon, you know, and the sickness in

itself—all you go through—is making you traumatized and causing you to dwell among the tombs. There are just so many things. I mean, things at work ... daily things at work could be wounding you and causing you to dwell among the tombs.

Doug: Exactly.

Katie: You know, anything can do it, so we just have to realize that it is important to get those tombs healed. So now you ask yourself, “How do you do it?” Well, everybody is walking around with the power to do it inside themselves—not just prophets like you or healers like me or anything else—when we are born again in Christ, Romans 1:16 says. Paul talks about the power that brings us into salvation. Okay, that power is the word *dunamis*. See, there is a power called *dunamis* that caused you to become saved. You know, when you received Jesus as Lord, Holy Spirit and *dunamis* power came into your spirit man and filled you up. Right now you have a tank full of Holy Spirit and this power called *dunamis*. That power did not just get you saved so you can go to Heaven. That is only one of the things it does. The word *dunamis* means a lot of things. It means the power to perform miracles, so everybody who is born again has miracle-working power inside of them right now. They just need to use it. It also means power and influence. It comes with riches and wealth. Everybody has wealth and riches inside of them right now. So if you are broke like a joke, start releasing your *dunamis* into that broke situation—into that credit card debt, into that mortgage payment, into that car payment. Say, “I have *dunamis*. I release it into those areas where I am broke and I know that *dunamis* means the power and influence that comes with riches and wealth, so I am going to have riches and wealth manifest in my mortgage. I am going to have riches and wealth cause my car to be paid off. I am going to have riches and wealth break that credit card debt.” You have to start working the *dunamis*. But *dunamis* also means, “Excellent of soul.” So you have power. Every believer in Christ who is born again in Jesus has *dunamis* power in them. They have a tank full that never runs out. They do not have to beg God for it. They do not have to pray for it. They do not have to fast for it. It is already there. It is there RIGHT NOW—right now in every believer—and they can tap into it with their faith and with their decrees and their words. Just open your mouth and start decreeing, “I do not have any tombs in my soul. They are filled with *dunamis*.” *Dunamis* means this: “Excellent of soul.” So you can start decreeing, “I am excellent of soul. I have nothing in me that is in common with Legion or Satan, so they have no power over me. I am excellent of soul.” I walk around saying that all the time. I use my decrees to release the *dunamis* from my spirit man so it will flow into every tombstone in my mind, every tombstone in my will, every memory I am feeling. If I have a bad memory ... You will know you have a bad memory if you think about stuff still. You know, if you catch yourself thinking about this thing that happened to you way back then, or the other thing that happened to you or somebody who said something to you—you know, dwelling on

certain events that happened in your life. If you are dwelling on those things, then you are dwelling among the tombs. If you catch yourself dwelling on a painful event or dwelling on something that somebody did to you then you are dwelling among the tombs, and if that is so then release your dunamis. Command it to flow into that tombstone and to destroy it to cause you to be excellent of soul. If your mind is still thinking about it, say, "I send dunamis to my mind, to the tombstones in my mind. I am excellent of soul in my mind." If your emotions are still emotional about a thing that you lived through—a trauma you have been through, a car accident, loss of a loved one—send that dunamis power into that grief. Send that dunamis power into that memory of that car accident and say, decree, "You are excellent of soul." Decree the tombstones are being destroyed. That is the first, most powerful part about getting healed of these things that we have in common with Legion. Once the tombstones are destroyed, Legion will have to leave. He will, and he will leave a lot easier than you think. Trust me. He does not leave when the tombstones are still there, because he has a legal right to be there. So we just need to exercise our dunamis. Ephesians 3:20 says, "God does super abundantly above and beyond all that we could ever ask or imagine according to (here is the condition) according to the power (that is dunamis) that is at work in us." We have to put it to work. We have to decree it. We have to release it. We have to believe it. Look, we got it for free. We got Holy Spirit and Holy Spirit is a gift. He is called the gift. We got Him for free and He brought dunamis with Him. It is all free, but then we need to cooperate with God and work our dunamis. We need to put that power to work so we can have the "super abundantly above and beyond all that we could ever ask or imagine" stuff happen in our lives. So that is the first, biggest step that every person listening to this can do to start destroying these tombs and get rid of Legion.

Doug: Yes. That is really powerful. That is what I learned listening to your ... I think it was the *Glory Light* CD a few years ago. I remember Facebooking you, I had not met you yet, "Wow, this is some of the most new wineskin, cutting edge, inner healing stuff I have ever heard."

Katie: Wow! I do not think I ever got that because I do not really check my Facebook, but thanks. And do you know what? Back then it was. See, dunamis power is made up of glory and light. I mean, just a simple example is when Jesus went up on the Mount of Transfiguration. Before He went up, He looked at His disciples and said, "Some of you here will not die before you get to see the Kingdom of Heaven come in its power." That word "power" is dunamis. So He was saying, "Some of you here are not going to die before you get to actually see what dunamis looks like," and then three of them go up with Him on the mountain and get to see it. What did it look like? The Bible says that His face was shining brighter than the sun and His clothes were like light and that a glory cloud overshadowed Him. So there was glory on the mountain and there was light on the mountain, because the glory of

Jesus and the light of Jesus Christ—because He is the light of the world—are dunamis power. If you could see inside your spirit man right now to look at what the dunamis in there looks like, it would look like bright, blazing light. It would look like the glory cloud of God. You know, that is what is inside of us now. So the glory, the light, the dunamis ... they are all soul-healing powers. They all make you excellent of soul. You know, if somebody wants tools, go and look up every “light” scripture there is. You know, how Christ says, “I am the light of the world; those who believe in Me will not walk in darkness but will have the light which is life.” That word “darkness” means, “The darkness of the soul.” The soul that is lost has perceptive powers. He is saying, “I am the light. If you believe in Me and your soul, any darkness in your soul will have the light which is life and will be healed.” So look up the “light” scriptures. Print them out. Print out “glory” scriptures. Print out “dunamis” scriptures. Decree them over your soul and you are going to get healed. You are. That is just the way it is.

Doug: Yes, I agree. I agree. Do you know what? I just want to say this. I spent tens of thousands of dollars on my health for three years. I went over to Germany, even to His Place. I spent five weeks over there. Everything was good and everything. The essential oils were all good, but I was still coming back short. I was still not getting healed and it was not until last fall until I got that word about Legion and I went and focused on that and now, I am telling you, these things are broken off of me. I am almost 100 percent back, completely restored back and that will be ... I am telling you, I am praying that even by the time this is released I will be 100 percent. I tell you, I went from 165, my weight, to 130 and I am back up to 150 now. The Lord is restoring me. I can go places. I can be around things I could not be around and it had to do with a couple of things, but most of them were that dunamis power. I was dealing with Legion and cleaning out all those tombs.

Katie: Yes. Come on. Amen. Yes. Like I said, you looked great when I saw you. I felt like you were in a whole new place. I see people, you know, they just exercise their faith in a simple way. You know, there are other things I do to evacuate Legion but God, by His grace, will take care of the evacuation. You know, when they feel like they have those tombs healed, they can make a simple command and tell Legion to come out and he will come out. There are other things that they can read in my new book, *Healing the Wounded Soul*, that are also helpful with Legion. But your first main step is you have to get rid of the income and stuff you have in your soul. Burn up those tombs with the dunamis glory light of God and you are going to see a major breakthrough. Right?

Doug: Right. You know the presence is ... I am telling you, I really believed that people were going to get healed. I said that at the beginning. People were going to get set free, so I just want you right now under this open heaven, Katie, just release this over us.

Katie: Yes. Thank You, Lord. In the Name of Jesus, I have been given total dominion over Legion and I am so grateful for God's grace and mercy in my life. So I exercise the authority that I have and the mantle I am wearing to evacuate this regional demon from your life. I speak to your soul right now and I say, "Soul, be filled with dunamis power. Be filled with the glory light of Jesus right now. I speak to every tomb that you are carrying around that came from a divorce, a trauma, a painful circumstance, the loss of your children, the loss of a loved one, difficulties in your marriages, separations from your children, loss of business, loss of ministry, troubles within your church. Right now, every tomb—every time someone said something painful to you—right now, it is under the blood and it is filled with dunamis power. You are excellent of soul in your mind. Every thought that the enemy has been putting in you is being destroyed now by the power of dunamis that caused you to receive salvation in Christ and now is causing you to be excellent of soul. Right now I release that flow of the river of living water from your innermost being into every region of your mind, every part of your will that is causing you to make bad decisions, every emotion that is out of control because there is a tombstone there, and I decree every part of your inner man is becoming excellent. You will think excellent thoughts. You will make excellent decisions. You will feel excellent emotions. You are being healed now because dunamis power cannot be stopped. I ask Holy Spirit to go forth and administrate dunamis even after my prayer stops—that the healing would continue and that Holy Spirit would go and find out, He would seek out ... The scripture 1 Corinthians 2:10 says that, "He examines the things of God." He explores; He finds the divine councils; He reveals the hidden things and He releases power. So I go by that scripture right now and I ask, "Holy Spirit, go and search everyone who is listening right now and find every tombstone that is hidden in their mind, hidden in their will, hidden in their emotions, and then release and administrate the dunamis power that You brought with You when You came into us upon our salvation. Release it into those areas and destroy every tombstone. I decree that you will have nothing in you that is in common with Legion. Now I speak to that spirit right now and I send hail down upon you, in the Name of Jesus right now, and I decree that you are being pelted and beaten down and you will have to leave. I release Legion Expert to go and battle for you right now and declare that when those tombstones are healed that that spirit in you will have to come out. I break your hold, I break your strategies, and I break every curse and everything you put on those people. And when you leave, you take any disease and disorder with you—any chatter, any mind control, any mental disorders with you in the Name of Jesus ... any viruses, any bacteria, any flu symptoms right now in Jesus' Name ... any edemas right now in the Name of Jesus ... any diverticulitis, any type of virus that would beset their body right now, any type of bacteria that is on them right now and I command that you are going to come out. And when you come out, you take those diseases with you. I bless your body. I command it to be completely healed in every

area. I bless your mind. I command it to be still and peaceful. I command that you will only hear the voice of God and I release you into regional ministry. Because when Jesus took out Legion, He took out a regional demon. He stopped on the region of the Gadarenes and even the demon itself said, “Do not send us out of the region.” We decree that a regional anointing is coming to those who are healed. They are going to have regional powers. Even the man who was delivered of Legion said that he went to preach the good news of the gospel of Jesus Christ in the region of the 10 cities—the Decapolis. So you are going to walk in regional authority. You are going to go up to the next level as you are healed and delivered of this spirit, in Jesus’ Name. Amen.

Doug: Amen. Wow! I tell you, the anointing is so strong right now and I get so excited every time I am around my friend, Katie Souza. Well, tell us a little bit more about you: how to get a hold of you, how to follow you, what kind of training you have, books, whatever.

Katie: Thanks. Yes. If people want more information, they definitely should just go to my website first of all, katiesouza.com, and there are events there that they can go to. I am going to be in different places around the country this year. They need to come to a live meeting. I often teach on Legion and do a mass deliverance and people by the dozens line up and get healed. So, go and find out from my Events page where I am going to be at. Also, go to my Resources page and you can find out a lot of different resources that can help you. *The Glory Light of Jesus* is one of them. I do talk about Legion in that teaching, so that is going to help you a lot. You can also go online onto our site (expectedministries.org) and even onto YouTube and put in our television broadcast name *Healing Your Soul: Real Keys to the Miraculous*. I teach on the soul, including stuff about Legion. I think it is episodes six, seven and eight that are particularly about Legion, and I always do a prayer of activation at the end of all the broadcasts. So, I invite you. Those are free. You can watch those. I also do a live web stream every month. Get online and you can find out. Go to my Events page, go to Livestreams and find out when I am going to be doing another live web stream. I told Doug I am going to be having him as a guest soon, so keep your eye out for that. I have a new book coming out called *Healing the Wounded Soul* that also has a lot of secrets, a lot of secrets that you have not heard on this broadcast because we did not have enough time. A lot of secrets are contained in that book that I am releasing publicly for the first time ever about behind-the-scenes things that I do with Legion. The book, *Healing Your Soul*, is carried by Charisma and it will be on our website. You can get it. The official release is in October, but you can preorder in September, so do not forget about that. It is going to be a breakthrough broadcast. I believe a lot of people are going to get healed and delivered, and when you buy one, it enables us to send free ones to inmates all around the world.

Doug: Wow! I just want to say that I wrote the Foreword. I asked Katie, “Can I write the Foreword to your book?” because, you know ... I even open it with saying, “I owe my life to the Lord and to Katie Souza because I was at the verge of death.” I kid you not. I was at the verge of death until I heard this message. Nothing else made sense and then, wow, look. Here I am gaining weight. Here I am now, strength and energy being restored, my finances restored, because I started getting rid of these things. Now I am working with Katie too because, you know, I go into the Courts of Heaven and everything. Now, you know, we are talking about this. What is it like now battling from the Courts of Heaven? That is another episode where we can have Katie back and we can talk about how do we do this battling from the Courts of Heaven.

Katie: Yes, and I am learning so much from you. Thank you, my friend, for this great revelation you are carrying.

Doug: Wow! Thank you so much, Katie. All right everybody. God bless you. See you next time.
