

## **How to Agree with Heaven for Amazing Miracles**

**Doug Addison with Jerame Nelson [Episode 58]**

**June 27, 2018**

Hey, friends! Welcome to another [Spirit Connection Podcast](#). Doug Addison here. I'm really excited. Of course, I'm always excited. In case you haven't noticed, I try to release the positive side of God because God is very positive. We need to do this right now. When positive things get released, it flips the spiritual atmosphere. The Lord gave me a word a long time ago. I had this word for the Church. We need to learn to "flip it, and flip it good." If you've been around me, you know that.

You can still embrace the words from the Lord that help bring correction and do things. You can embrace that. But when there's been too much of the other side, too much judgment ... That's what's going on right now everywhere. Where there's too much negativity, it then closes the heavens over us. Because when you agree together ... where 2 agree together—that's a spiritual principle—it will be done. So, if you're agreeing with negativity, then it can actually, possibly, be done to close the spiritual atmosphere over you.

God is so positive. You know, even His Name: He is love. The Lord is love. And we have to enter into perfect love to really understand who the Father is. Jesus said if you know the Father you know love, because what father would give a bad gift to a child? It wasn't until I entered into this message of perfect love—it wasn't until I entered into this, the understanding, not just in my head, in my spirit—that I was healed miraculously of many different things: Lyme disease, multiple chemical sensitivity. I was healed miraculously—of things that took me years and years of suffering—when I entered into the perfect love. And that is the ability to take those negative things and "flip it, and flip it good."

Listen. If you are being oppressed right now, if the enemy is coming against you, it's because you are a threat to the Kingdom. Your calling is a threat. And that's why Satan has been working overtime on people like me and you, and he's trying to bring you down. He's trying to do these things. But I want to encourage you ... In fact, you're going to want to get someone on this podcast who needs to be encouraged, because God's going to open things up by the Word of His testimony and by the gift of the prophetic that's going to come.

Now, I always joke that because of this “flip it” word that I have that ... You know, if I ever got a tattoo ... I don’t have one, but I’m the Tattoo Prophet. I prophesy over them. If I ever got one, I was going to get a dolphin, because dolphins are positive. You know, it’s like Flipper. They get in the water and they splash, they do fun things and by the way, a group of dolphins are the only mammals that can actually kill a shark. They can kill whales. This is the thing. The Lord wants to bring us together—not in a weird, spiritual warfare way—He wants to bring us together with a positive message of love.

I had a prophetic word ... I remember this. It tied right in with love. I was landing in Redding, California. I was flying to speak at the prophetic conference at Bethel, Redding with Bill Johnson. It was just an incredible time. It was February 13, 2013, and as I was landing, I remember—right when the wheels touched down of that little plane in Redding—God spoke to me. He said, “There’s going to be a major prophetic sign from Heaven on Saturday, February 16, 2013.”

Now, we were going to be at the conference. And sure enough, [I checked the news](#) and on that day a massive, 7-mile stretch of over 100,000 dolphins gathered off the coast of Southern California. Actually, it was off of San Diego, that area. Previously, there had never been that many coming together, and it was never explained. They could never understand it. You know, there were a lot of news stories and a lot of things going on, and why it might have happened. And there was food in the area, but even that’s prophetic.

My goodness. You know, the Lord’s going to deliver some food deep in the water or right up on the surface to bring people to Himself. There was a prophetic sign that I released on my blog and on my [Spirit Connection Webcast](#) that there was going to be an army of prophetic encouragers that were going to merge, come together, and merge on the scene in Southern California, and it was a move of the prophetic encouragers. Now I just want you to know, I had been prophesying this for a while. Then all of a sudden (this was 2013) I got it again. There was something again in 2015. Something started to brew and there was someone who answered the call for this.

Sometimes, you know, God puts out a call and He’s looking for someone like you and I, anybody. He gets into the intercessors. He gets it into the revivalists. He gets it into the prophetic hands. That’s why I release so many prophetic words. It is to release it out there so that you can get it into your spirit and run with it.

Well, there is an outpouring happening in San Diego. I don’t know if you’ve heard about it, but there is something going on with the San Diego prophetic outpouring, and I have a special guest on. I’m so excited to bring Jerame Nelson, a prophetic revivalist, a founder of Elisha Revolution. He’s the author of several books. He’s a conference speaker, and I’ve had his wife Miranda on the show as well. They live in San Diego, where they co-host Fire & Glory Outpouring. Now, they’ve been going ... I’m going to have him share some stories here, release the anointing. He has a gift. My goodness,

he has a special gift. He's operating at a higher level of the word of knowledge right now, and there's just something brewing right now. I'm so excited.

Doug: All right. Jerame, welcome to the broadcast.

Jerame: Hey, Doug. It's a pleasure to be here with you. Thanks for having me on.

Doug: Oh, man. I've been excited about this and, boy, we were having an amazing time before we started. You know, the Lord's already working right now.

Jerame: Yes. Yes.

Doug: Yes. So tell us a little bit about yourself, your ministry, whatever.

Jerame: Yes. Well, you know, my wife Miranda and I, we just celebrated our 10 year anniversary.

Doug: Wow!

Jerame: You know, it's amazing because over the last 10 years, you know, we've been traveling all over the world, around 55 nations, and, you know, preaching the gospel in all kinds of different environments, whether they be crusades or conferences. But, you know, the last couple of years ... In fact, for about 650 days now, we have been hosting revival in San Diego. And it's been about 2 1/2 years.

Doug: Wow. 650 days of meetings in San Diego. That's amazing, dude. Wow!

Jerame: Yes. Yes, so, you know, everything broke out in 2016. We received several prophetic words, you know, that God was going to release revival in San Diego. And we received a word specifically from James Goll about a "west coast rumble"—that God the Father was going to step His right foot out of Heaven, put it on the West Coast and that He was going to, you know, shake some stuff up. And that no longer would the West Coast be known as the "left coast," but it would be known for purity and righteous and ...

Doug: Yes. Come on.

Jerame: ... and signs and wonders and miracles would be easy. You know, even the Lord had shown you as well, Doug. You know, several months before the revival broke out, you know, the Lord had shown you that God had given us a key for revival. I don't know if you remember that ...

Doug: I do.

Jerame: Yes. So probably about 10 or 15 days into it, you came and you shared that word with us. And so, you know, it's an honor to be on your podcast and we also consider, you know, you being one of the guys who prophesied a really amazing foundational word for the outpouring as well.

Doug: Yes, you know. I just want you to know, everybody. I'm just going to say, you need to go there. I went there. In fact, I've gotten significant healings. In fact, I just shared with Jerame that the last time I was there on New Year's Eve, an amazing time with David Herzog and friends, and we had a good time. And then right after that, shortly after that, I got my 100 percent healing and I know it happened in the glory ...

Jerame: Amen.

Doug: ... from those meetings. It broke something open. It broke open revelation. It broke open the understanding of what needed to happen. I'm just so, so excited. Well, just tell us a little bit more about it.

Jerame: Yes. So, you know, for the first couple of years we were going five nights a week in San Diego and hosting people from all over the world. I mean, we've had around 65 nations that have come out.

You know, I figure ... It's interesting, Doug, that in your vision, you saw hundreds of thousands of dolphins. And then it happened because we have literally had hundreds of thousands of people that have come through the outpouring over the last 2 1/2 years and even, you know, a couple of million people impacted by media.

So really, what's awesome is from San Diego, God is releasing that food that you're talking about. You know, I believe He's also releasing people into the ministry. And I believe that's some of what the dolphins are—people that have a greater dimension of prophetic, evangelistic anointing that can go out. They can take out the sharks, they can take out the killer whales, like you were talking about.

And I believe that, you know, the outpouring has been an amazing tool to equip and train and activate people into a greater dimension of power and authority. And we're seeing it. People are getting saved every week on the streets.

Doug: Wow!

Jerame: People are getting delivered, healed and in fact, we just started taking the revival out. You know, at the beginning of this year the Lord told us. He said, you know, "You've stewarded revival for two years now. Now it's time to start

to spread the fire.” Because the word that we got wasn’t just that we would host revival, but it was that God would release a “west coast rumble.”

So what we’ve done is we started at the beginning of this year. Instead of doing five nights a week in San Diego, we’ve been doing four nights a week, Thursday through Sunday. But every Wednesday night we take the outpouring out, along with our livestream, to a different region and we strike the ground there. So, in fact, we just started doing five-night strikes.

Doug: Wow!

Jerame: And we just got done with the first five-night strike in Rancho Cucamonga. You know, it was amazing, some of the miracles that happened. And some of the people who have been touched, and some of the words of knowledge and the things that are flowing as, you know, we’ve been obedient to take it out.

So, you know, we’ve probably had a couple of thousand people come through those meetings in a week. And, you know, people that are getting healed from conditions like cancer, you know, people getting healed from metal plates and pins that were surgically put in their bodies by doctors. There was one guy who had blood clots, really severe blood clots. By word of knowledge we called him out, God dissolved them, and he went back to the doctors and they couldn’t find them anymore.

Doug: Wow! Come on.

Jerame: You know, some of the ... and the salvations, too. And what’s amazing is people were just getting saved. I mean, just running up to the altars. We didn’t even give an altar call and they’re running up to people and going, “How do we get saved? What do we do?” So it’s been an amazing time in His presence. So that’s currently where we’re at. We’re just stoking the fire. We’re believing God.

You know, we believe we’re hosting revival with a small ‘r’ which is, you know, we’re holding a flame of revival, you know, going after the presence of the Lord. You know, God is omnipresent, but He’s not always manifest present. And so we feel called to stoke the manifest presence of God. But we know there’s way more, Doug. We know that we’re one of the spots that God wants to release revival in, but we’re really all, I believe, including yourself, believing for revival with a capital “R.”

Doug: That’s right.

Jerame: Which is where revival arrests the nation. It overtakes a nation and at the same time, you know, we really believe, like the Word says, “Don’t despise

the days of small beginnings.” You know, I’m excited. I believe we’re in a season of breakthrough and breakout.

Doug: Yes. Now, what I really love is that you do, these guys, do take it to the streets and they’re doing prophetic evangelism and just, lifestyle.

Jerame: Yes.

Doug: Changing people. Taking the supernatural out. And when we’re talking about these meetings here. Listen, if you’ve maybe been turned off by a revival meeting in the past or seen something you don’t like, hey, toss that away. This is new. This is fresh. This is real. And I’ve seen the most amazing miracles. Wow! I’m so serious.

The last time I was there, the glory came so thick, that I know ... When I was speaking, you know ... Just because you already had the place really going, you know, you’ve been doing the meetings there. When I got up and spoke, it didn’t take much to open the heavens and a big 16-foot angel came and ... huge.

Jerame: Yes.

Doug: I mean, these are just small things. I just want to encourage people because you also ... Now, you’re doing this on the internet as well, right?

Jerame: Yes. Yes, they can watch on the livestream. You can go to [Jerame Nelson](#), that’s my YouTube Channel, or you could even tune with us. We have an app for phones ...

Doug: Yes.

Jerame: ...for your iPhone or for your Android.

Doug: Yes. That app is so cool.

Jerame: Yes. Download it. It’s [Elisha Revolution](#). And not only can you watch the live stream, but we have the best of the teachings that have been released through the guest speakers, through both Miranda and I, we do a teaching of the week. We do a five-part series on the supernatural every month. We give it all way for free. But really, we just want to connect people to the outpouring and equip a generation to know God more.

Doug: Now, I love your app and I recommend people getting it. Because, I mean, you can get these messages of people who have been speaking there. I know Graham Cooke and others have been, and just releasing the power and the glory. No charge for it, of course. You want to bless them, that’s

great. But I love your whole attitude, your spirit, you and Miranda. Now Miranda was on the ... she was on our show, and we were talking about the miracles and how you guys met and these fun things.

Jerame: Yes.

Doug: But now, here we are later, and I know the Lord has taken you to a new place.

Jerame: Yes.

Doug: Now, we met personally a long time ago. You came to one of my dream trainings, I think, to learn dream interpretation. Is that when we met?

Jerame: Yes. It was years ago in Santa Rosa. You know, I had just gotten saved, I think it was around 2002, and Streams Ministries' Dream Interpretation Course that you were teaching at that time. That was the first time I had ever been around anything of the supernatural as far as training and teaching. So that was the very, you know, first that I really got to cut my teeth on things. It was in your classes.

Doug: Yes. It was fun, man, and we've been staying in touch. I'm just saying, this guy is the real deal. He and Miranda are the real deal. They often don't get the ... They just don't get the credit of the Kingdom that they need to, but they're about to, because I heard the Lord say He's about to shift the favor over you because you've been sowing and sowing and sowing ...

Jerame: Amen.

Doug: ... and you're going to start now reaping. And I saw, you know, an angel even come to you ...

Jerame: Amen.

Doug: ... and we started talking about this ahead of time. And your word of knowledge is now through the roof, because the word that you gave me before we started recording was absolutely accurate. I know this probably has to do with, you know, interacting in the supernatural and angels. You seem to be flowing in that, right?

Jerame: Yes, very much so. You know, it's interesting because one of the things over the last, I'd say, you know, 13 years of ministry, traveling all around, is I've had a ton of angelic visitations. Yes. I wrote a whole book on angels. But the thing that is amazing is, you know, when the angelic realm comes, Heaven's help shows up.

You know, I think that one of the things God wants to do, is God wants to teach people, you know, the power of Heaven's help. Because the reality is there's such a demon focus in the Body of Christ. You know, you'll talk to people and say, "Hey, how are you doing?" And they'll say, "Oh, the devil's after me." And then you tell someone, "Well, hey, I just saw an angel." And they go "Really? Like, are you sure?"

You know, some people, they have more faith that the devil's around than that the angels are around. But what's interesting, Doug, is that when Satan fell, he only took down 1/3 of the angels.

Doug: Come on.

Jerame: So that means that 2/3 are on our side, which means that we actually have a greater chance of seeing an angel than we do a demon. But the reality is, I believe, is what we focus on we empower. And so, God wants to teach the Church how to begin to focus on the realm of Heaven more than the realm of, you know, darkness.

So for us, it's made all the difference in the world in our ministry. Because we've learned how—through intimacy with Jesus and intimacy with the Holy Ghost—to, you know, ask God for the messengers of fire to come. You know, the Bible says that the angels of Heaven are given to assist those who would inherit salvation. And so, we've learned that wherever we go, "Lord, release the angels of God. Lord, show us what You're doing in this region."

And a lot of times, we'll have encounters with the angels and it's like a counsel realm will come. We'll know how to do things or what to do, and the words of knowledge, the words of wisdom begin to flow. So, it's been amazing, you know, over the last 13–14 years of prophetic ministry, some of the encounters that have happened that have launched us into the things that we're doing.

Doug: Yes, man. Do you know what? The supernatural encounters ... now listen, everybody. This isn't just for prophets. It's not just for revivalists. This is for all of us. Jesus—He was the One who did it. We saw His disciples doing it. You know, you get into the Kingdom and you can operate. You can get the Holy Spirit tool belt on and you can operate in that.

Now one thing I've noticed just being around you, is you're always fresh with some supernatural stories about, you know, being taken in the Spirit, hearing things. Why don't you just share a little bit about that?

Jerame: Yes. You know, one of the things that I really believe God wants to do, is He wants to restore our full inheritance. You know, Jesus was fully supernatural. I mean, He walked on water, He walked through walls, He was transported,

translated. You know, He had angelic encounters. He heard the voice of His Father so clear that entire cities would get touched as He heard the voice of God.

You know, one of the things that we've experienced a lot in our walks with God is transportations and translations. Now, those are a little bit different. You know, I'll never forget. One time I had an encounter with the Lord where, you know, I had an encounter in a vision where I was translated into a meeting ahead of time, before I had ever been to that meeting. And what was interesting about it, is it actually was a meeting that took place at Morningstar with Rick Joyner.

You know, I had had an encounter about a year before it, where in a vision the Lord took me to the meeting before I had ever been to the meeting. And I saw a really famous preacher that was in the fifth row of the meeting. And in the vision, you know, I wrote it all down in my iPad so that I wouldn't forget it. But in the vision, I saw this famous preacher who would never be sitting in the fifth row. He would always be sitting in the first row because the Body of Christ just honored him.

In the vision, when I saw that guy there, I stood up and I said, "Listen, bring me the deaf right now. God's going to open people's deaf ears." And in the vision, I said, "I guarantee the miracles are going to happen. And not only that. Bring me people that have metal in their bodies." I'll never forget, because a year later, Rick Joyner invited me to come and speak at, you know, a conference that he did—a Harvest Fest Conference. And the first night I got up there to speak, I was the opening speaker, as soon as I got in the pulpit, I look out and there was the preacher in the fifth row.

Doug: Wow!

Jerame: And all of a sudden, it was like déjà vu came back and I went, "Wow! Wait a minute. I've been here before. I've been translated in these meetings." So I knew what to do. I said, "Listen. Anybody who is deaf, come up here right now." And you know what happened, Doug? It was like five people that were deaf got healed and ... listen. There was one girl deaf from birth. Her ear opened up.

Doug: Wow!

Jerame: Another guy who had been deaf for years, he got healed. There was one lady who had cancer and through radiation went deaf in her left ear. She got healed. And then after that, I just followed the vision. I said, "Bring the people with the metal." And metal pins and plates started dissolving out of people's bodies.

Doug: Wow!

Jerame: In fact, you can go on my YouTube channel and you can watch it. It's on there. It's one of the earliest videos of me preaching at Morningstar, where I actually ... You can watch the videos of it. But it was interesting, you know, I was just with the Lord and He translated me into the meeting a year before I got there.

Doug: Right. Now, that's not astral projection, so everyone knows. The difference is the Lord can do this, and you can read about it in Acts chapter 8. He did it with Stephen, you know, and He took him in the Spirit. Just so you know. I'm just throwing that in. Go ahead. Keep going.

Jerame: Yes. Yes, absolutely. You know, it's a ... Here's the thing. God is the same today as yesterday and forever. He never changes. You know, He's the one who was, and is, and is to come. And sometimes while you're with the One who is, He'll show you things that, you know, are to come. And that's what I felt like it was.

You know, the other thing that we've had happen quite often is we've had God transport us physically. You know, it's amazing because I'm reminded of a story when Jesus, you know, He came walking on the water to His disciples. And the Bible says they were halfway across the Sea of Galilee, and they were straining at the oars. And all of a sudden here comes Jesus, and He's walking on the water and all of them freaked out. You know, they said, "Oh, it's a ghost!" Except for one guy.

You know, Peter looked at it, and He looked at Jesus and he said, "Lord, if it's You then tell me to come to You." And we know what happens. He stepped out of the boat, he walked on water. But what's interesting is the Bible says when Jesus got in the boat, immediately they were on the other side. And so it started off halfway through the Sea of Galilee straining at the oars, and then He steps in the boat and immediately they are on the other side.

You know, I'll never forget in 2008, I was actually asked to host a meeting for God TV. I was preaching in this conference, and also preaching in this arena, and I was asked to host the meeting. They said, "Don't be late. You have to open the meeting up and, you know, you have to receive the offering for the night, and host the service." They said, "If you're late, you're fired." And it was my first day. So I said, "Oh, I'm not going to be late." I went out to get some food.

Well, the problem was the arena held around 5,000 people, but 13,000 people showed up. And so, I was in a long line of cars, you know? I'll never forget it. It was around 6:51 p.m. and I was freaking out, Doug, because I

was like, “I’m so fired. There’s no way I’m going to get into this stadium in time.” And I heard the Holy Spirit say to my friend, “Take the exit that’s on the right.” We were right at an exit. We took the exit, went over the bridge, turned the corner and boom. All of a sudden, we’re at the back of the arena, and I didn’t think anything of it. I just got out of the car, ran in, put a jacket on. They literally handed me a microphone, I stood up and said, “Welcome to God TV,” and opened the meeting.

Afterwards I told the pastor and the producers for God TV, “Thank God we found that secret entrance that, you know, was in the back of this place.” And they looked at me and they said, “What are you talking about? There is no way to get here except through the front entrance, through all of the traffic.” They said, “It’s impossible other than maybe God transported you.”

And so, when that happened, that rocked me because I read about it in the Bible ... But, listen. How many know that God is practical. And do you know what He said to me? He said, “I’ll shake Heaven and Earth to get you in the right place at the right time to fulfill your calling.” And so, it was amazing.

Doug: Wow! Wow! Now, this is a natural thing, and a lot of people kind of ... they can be coincidences or, wow, déjà vu or think it’s new age. But listen. This stuff is real. When you do it through the Holy Spirit, that’s what it is. You actually ask the Holy Spirit to come and something opens up. Like right now. Right now, just telling these stories and the anointing ... Right now, the prophetic realm, a portal in the prophetic realm just opened, just a few minutes ago actually.

Jerame: Yes.

Doug: And there are words of knowledge. Right now—while you’re driving, wherever you are—there is going to be some revelation come to you right now. Now, did you feel that Jerame?

Jerame: Yes, I did. I actually felt ... The testimony of Jesus is the Spirit of prophecy. And I even feel right now that, you know, even as we’re talking about these testimonies ... You know, the Bible is a testimony. Some people read their Bible like it’s a good story or a book. It’s not just a story. It’s not just a book. It’s a testimony. It’s alive. Hebrews 4:12. It’s a living, double-edged sword. And I really believe God wants to impart and activate both the Word and the Spirit. They go hand-in-hand. It’s not one without the other.

You know, we don’t have to choose. Well, you know, I just ... Only Word, and that’s it. Or only Spirit. In fact, if we don’t have a balance between the two, if all you have is Word—and you have no love or any Spirit—then you’re mean. You know, you can beat people up with the Word and be legalistic. But if all you’ve got is Spirit, with no Word, no direction and no discernment, then you

can be a flake, nut and a weirdo, you know? At the same time, if we have the balance between the two, then we'll start to see the stories in the Bible become testimonies to us that manifest in our lives.

I just felt like when you were saying a portal opened up, I felt like the Lord wants to start to breathe on the Word of God on the inside of people and bring activation and begin to bring demonstration to the Kingdom. And that, even in people's living rooms right now ... listen.

The Lord will manifest Himself to you in powerful ways. And even dreams and visions and encounters being released into the atmosphere of your home, your car, wherever you're at listening to this. So just be aware of the fact that Heaven is around you, and that God wants to encounter you.

Doug: Yes, there's something going on right now. Why don't you just activate that over us right now?

Jerame: Yes. Lord, we just thank You, God, right now, for the anointing of wisdom and revelation. And we just pray that You would release that realm over people, over the listeners right now. That Lord, You would open their eyes to see, open their ears to hear, their hearts, Lord God, to know You beyond religion. But in relationship, Lord, to see the same things that the early Church saw. And also, the same things that Jesus walked in and manifested in as He was living and walking with His Father. So, Lord, we release that realm right now, in Jesus' Name.

Doug: Yes. Yes. Yes. Yes. Now, at the beginning Jerame gave me a word about 2012 opening up. And 2012 was one of those years where, okay, you know, I kind of ... I could have done without 2012. Have you ever had one of those years?

Jerame: Oh, yes.

Doug: But, do you know what? God will do it. Here's what He does. He's so good that even in our roughest times, it doesn't matter where ... I tell you, He's still faithful. And what He does is He takes those words, He takes those prayers that you prayed, He puts them in a storehouse ...

Jerame: Wow!

Doug: And when it's time, He releases it. And I felt it really strong. I had forgotten. Jerame told me that I had to go ... I was going to get 2012 scrolls released to me. I'm thinking, "Okay."

Jerame: Yes.

Doug: You know, I had to think about it. But I remember now, 2012 was the year that I got connected with *The Tattoo Prophet* reality show. It was about to ... That's the year it started.

Jerame: Wow!

Doug: ... and the revelation for that started to come. And connections, you know, in Hollywood started to come, but then it went away for a while. In fact, it went away. I live here now, but the show went away.

Jerame: Wow!

Doug: But I'm telling you right now, folks, there's stuff from 2012. There's stuff from the past that's about to come into your present.

Jerame: Yes.

Doug: It might not look the same, but the Lord is faithful. So why don't you just open that up a little bit more, Jerame?

Jerame: Yes. You know, I really believe that God is releasing revelation knowledge. You know, revelation knowledge is different than head knowledge. Head knowledge is what we know about God, but revelation knowledge is where what we know about Him flows down into the heart. And I believe that God will release words of knowledge, He'll release words of wisdom to people as we hunger after Him.

In fact, we've been seeing words of knowledge that call forth things instantly in people's lives over the last three or four months, you know, and what the Lord's been showing me is this. Is that, "He who is one with the Lord," this is what the Scripture says, "is joined together as one spirit." Do you know what? It also tells us in the book of, you know, Corinthians that the Spirit of God searches the heart and the minds of man. So, if you're one with the Lord and He decides to search the hearts and minds of man and take you on the journey, then you can see dates, you can see specific things. You can call forth the reality that is not and release it into the now.

You know, it's amazing. I was in a meeting, at *Fire & Glory* here in San Diego. And I called a lady out and I said ... You know, it all started out with a word of knowledge for healing. I said, "There's someone here who was in a car accident. You've got a head injury. There was a concussion that happened. God wants to heal you." She came up, she got touched by the power of God, healed, and then I said, "Hey, wait a minute. Now I see the Philippines and I see a church. And I see 2015, and the Lord said something started then." I said, "What is it?" She said, "Oh, I started a church in the Philippines in 2015." And then the Lord gave me a whole word about her

vision for a strip mall, and even how God wants to release to her the finances.

And then all of a sudden, I saw the court gavel, the hammer go down. And I said, "Listen, God says in the courts, He's going to give you a victory." And she looked at me just stunned, and said, "I'm going to court on Monday. I have a court case." And out of my mouth came, "Well, the Lord is going to give you victory in the court case." And so, I decreed it over her. Well, what I didn't know is that she was going to have a hearing on Monday. They had no evidence to win the case, but after we made the decree, literally overnight, they found five secret businesses that the husband, you know ...

Doug: Wow!

Jerame: ... had been hiding from her and all this stuff. So that day the judge awarded her \$360,000.

Doug: Come on.

Jerame: And there's even more, there's even more to come. So, it's amazing because people say, "How do you give words like that?" Well, "He who is one with the Lord is joined together as one spirit." And it's the Spirit of God that searches the heart and mind of man. So, we can go along with the Holy Spirit on the journey, and He can reveal to us the past, present, the future. But when we get it out of the realm of the Spirit from the Father, when we decree it, it will literally come forth.

So we've been having stuff like that happen, Doug, probably, you know ... I would say at least 50 words that we have seen, where the supernatural has broken in and people have either received a healing, they've received an inheritance, they've received salvation.

We were just in Rancho Cucamonga, and I called out a word of knowledge by the Holy Spirit. You know, He told me, He said, "There's someone in this meeting whose cousin, his name is Raphael, and he's in a spiritual prison and I want to pull him out." So, I said, "Is there someone here, your cousin's name is Raphael?" A couple stood up and said, "That's us." We gave them the word and I said, "I see an angel going to Raffaele right now. And God is going to, you know, deliver them." So, they went and found their cousin they hadn't talked to ... they were estranged from him. They hadn't talked to him in a long time. And they showed them the livestream and when they watched me prophesy the word, the conviction and the power of God hit him and his wife. They began to weep, and they gave their lives to Jesus.

Doug: Come on.

Jerame: They gave the testimony two days later.

Doug: Wow!

Jerame: And so, I believe these are the things that God wants to activate us in ...

Doug: Yes. Exactly.

Jerame: ... in this season, and it's intimacy with God. It's when His glory and His Kingdom and His power begin to show up, and people come to the Lord. You know, two other people got saved just because they saw the word of knowledge come to pass, a couple as well, so ...

Doug: It's powerful, man, and do you know what? I just want to say to everybody. This realm is open right now. In fact, you're going to want to listen to this again because it opens up when you hear this, and there's an anointing right now. I wrote down while we were talking here, I wrote down a word of knowledge I got for someone, Robert and Susan. And I'm thinking, "All right, is it Robert or is it Susan?" You know, "A little bit more, Lord," you know? Then it dawns on me, the Lord reminded me ... I just got this, just now when Jerame was talking about opening the realm here.

When I was having the 50 days of heavenly encounters in 2017, it started right after, between Passover and Pentecost. And I was taken into Heaven and I had these powerful encounters, and I was shown the strategies and plan for the coming revival. The first day I said, "Lord, you know, I really would like a confirmation. It would be really cool to get a confirmation because, you know, it's just me and You." And then you know, of course, there was the Bible.

But the Lord said, "All right, I will. I'm going to give you ..." And He gave me the names Robert and Susan, in fact, their last names, too. One of them he gave me the birthdate, and the other one He gave me her occupation. So I looked them up on the internet and they really did exist. I didn't know who they were. One of them was a realtor who was going to be working with me in the future when we needed to do some stuff, and the other was someone from my past.

In other words, the Lord—He'll do it. He'll give you a confirmation. And I believe right now, the reason this story came back up, is because the Lord right now is going to give you a confirmation of something that you're called to do.

Jerame: Yes.

Doug: And there's something that you need right now. Are you getting anything else on this, Jerame?

Jerame: Well, I just feel that there's restoration that's coming. You know, the enemy really tried to get his hands on your finances and tried to steal. And I see that the Lord is going to release a sevenfold justice with those finances ...

Doug: Yes.

Jerame: ... and with those things that happened. And that this is going to be a season of heavenly recompense, that's it's going to come in all ways. It's going to come financially. It's going to come with revelation. it's going to come with wisdom. It's going to come with miracles.

And I really feel that the Lord wants to encourage you that you haven't done anything wrong. Sometimes we go through warfare and attacks, but God sees it all and He knows it all. And it's like an escrow account in Heaven saved up for us. I really believe that now is the time that the release of that breakthrough and the release of that realm is going to hit, just like Doug is prophesying, and it's a season of breakthrough.

Doug: Yes, it is. Robert and Susan, now that's both Robert and ... I mean those are real people, but do you know what? You can take this by faith, you know? Also, these encounters that I had and the angelic, and stuff that Jerame is talking about, you could grab hold of this. And the Lord is saying right now, the reason it's coming up on this podcast right now in June 2018 ... God is outside of time, so you can grab this any time.

Jerame: Yes.

Doug: He is about to open up encounters. He's about to open up supernatural things. He's about to open up the prophetic. I'm just getting a word right now. There are some people who thought you should move—you should not. Hold tight right now. Don't move. Don't do anything.

Jerame: Yes.

Doug: You'll know if this is the Lord or not. It's not for everybody. But there were some people who thought they had gone down the wrong way, and they had been under attack or you are, but the Lord is saying that He's going to release you from this. In August, you're going to see something shift. It's going to prepare you for September and I want to encourage you with that.

Are you getting any other words, Jerame?

Jerame: Yes. You know, I really feel like there's a Jamie who is listening in. And, listen, the Lord wants to really encourage you in your business anointing. You know, listen. He began to speak to you a couple of years ago. I really believe that in, you know, 2015–2016 He began to start to bring a revelation to you that you are called to business and to supernatural finances. And listen. I feel that there has been a delay that has happened. And you've gone through a time and a season of testing and sifting, even to the point where you felt like giving up.

And I feel like the Lord wants you to know you're a Joseph. You have that mantle, you have that anointing. Don't give up. You're right around the corner from the breakthrough. It's about to happen for you, and we just decree it right now in the Name of Jesus. A shifting of favor, that God's going to wipe the bad taste out of your mouth, and He's going to cause your flavor to become favor.

Doug: Come on.

Jerame: You're going to taste and see that the Lord is good. So we decree that right now, that those blessings that He began to speak to you about in 2016, even at the end of 2015, are going to begin to come forth in the Name of Jesus.

Doug: Yes. Come on now. Well, I'm just so excited. Thank you so much, Jerame, for joining us and opening the heavens over us. Why don't you just tell us how we can get a hold of you, follow you, and what you have going, any books or anything. Go ahead.
