

Revealing Mysteries and Debunking Myths About Heaven

Doug Addison with Kat Kerr [Episode 71]

October 31, 2018

Hey everybody, Doug Addison here. Welcome to another [Spirit Connection podcast](#). I am so excited today because we're going to be talking about a topic that is ... it's actually above everybody, but we're going to bring it down to Earth so you can understand it. And that is Heaven.

You know, God is moving today. He's opening up new revelation for us because when the enemy comes in like a flood—the Word of God says this—the Lord raises a new standard. And we are in a time right now that God is raising a new standard. He's giving us revelation and understanding into things. Some of it may have been hidden for ages, because we need it right now. And this is the revelation of “on Earth as it is in Heaven” and how to align yourself with Heaven.

So Lord, we ask now ... bring that alignment, bring the perfect alignment with us to You. I ask right now that people everywhere listening to my voice will be able to have some type of encounter with You at whatever level we're at right now, in Jesus' name. Amen.

Well, I want to encourage you. God is giving you everything that you need. You already have it. Did you know that? Once I realized this ... The Lord kept saying this to me over and over. He said, “I've already given you everything you need for a breakthrough. You just need to tap into it. You just need to grab hold of it.”

We have the Word of God, which is super powerful. We have the Holy Spirit. You have the power that raised Jesus from the dead residing in you. You have resources around you. We have the angels interacting with us. They're ministering spirits sent to minister to you. We have the internet, which allows us to connect and search things out. You know, we have things like this [Spirit Connection podcast](#). This is a tremendous opportunity to reach out to people everywhere.

So, we're in a time right now, that even though it may look discouraging, I want to encourage you that God has given you everything you need. There are no limits in God. Did you know that God created you and He created me? You know, the Word of God

says that we were created in His image. Now, He's a creative God, right? He created the heavens and the Earth. He created us. Therefore, if we are created in His image—do the math here—we actually have the creative Spirit of the Lord residing in us. So, there's no limit on how God can speak to you. There's no limit on how He can use you. He's given you the "Holy Spirit tool belt."

You know, the only limits we actually have are the ones that we put on ourselves—the things that we believe about ourselves or God—because God's unlimited. So, change can be as easy as shifting our belief system that all things are possible for those who believe (Matthew 19:26). Also Philippians 4:13: "*I can do all things through Christ who strengthens me*" (NKJV). Now, those are two of some of the many guiding verses I have, because once you come into agreement with those things, your belief system begins to change.

God is for you. He is not angry with you. Now, this is so important when we start talking about the topic of Heaven and coming into agreement with the Lord because there's a false message out there. There's a message that is out there telling people that He's angry, He's judgmental. That's not the Lord. He's a loving Father. And that's a way that we can come into agreement with Heaven, to understand who He is. So, it helps to actually read the Bible to know God's character. You know, there's power in these words right now that Jesus spoke, "on Earth as it is in Heaven." So, you want to develop a foundation in your life. I did this a long time ago.

People ask me all the time, how do I hear God for the [Daily Prophetic Words](#)? How is it that I have these heavenly encounters? And I say this: "You know, I am not doing anything different than I was doing years ago." I've been doing the same thing. It's called developing a foundation. I spend time every day reading the Bible, I pray, I worship. Maybe the only thing I've changed in the recent season of my life is I take communion every day. But outside of that, I'm not doing anything different than what I was years ago. Now, it fluctuates from season to season. There may be times when you have more time to spend praying. The same with me. It depends on the season of your life and your life situation. But do you know what? What matters is that you do it consistently.

So, here I was doing these things all ... you know, I can't say all my life, but all my Christian life I've been doing these things. Then one day a door opened in the spirit. I wasn't doing anything different except being consistent and believing. That's what I tapped into, is believing. Matthew 6:10, Jesus said: "*Your kingdom come, your will be done, on earth as it is in heaven*" (NIV).

Now, those are powerful, powerful words. When He said that, we come into agreement with Heaven—that's "*Your kingdom come.*" When we ask that His kingdom come on Earth as it is in Heaven, these are the promises, these are the things that are stated in the Bible. It's not just being positive and speaking faith. That's part of it, but it's actually making it a reality in your life.

So, as you continue to do this ... What I do is I pray and decree Bible verses. I decree the Scriptures, even though my mind, my body, my soul may not agree or, you know, may not be manifesting the fullness of what I'm decreeing—good health and hearing the Lord. But then, you know, the more you do it, your spirit strengthens. It's just like working out. Your spirit will strengthen. And then your spirit will actually begin to guide your body and your soul. It just takes consistency.

So, it's basically this: It's an alignment that we need—spiritual alignment—where you align yourself with the Word of God. You align yourself with who God is. And that's how “on Earth as it is in Heaven” begins to flow to you.

Now, there are some other things you can do as well. Coming into agreement with others. If you're, you know, stuck alone somewhere praying, you have a good chance, according to the Word of God, you may be overpowered. Ecclesiastes 4:9 says, “Two are better than one, because they have a better return” (paraphrase).

But it's also that one, Ecclesiastes 4:12, *“Though one may be overpowered, two can defend themselves. A cord of three strands is not quickly broken”* (NIV).

So, you could be overpowered by yourself. Two, you can defend yourself. But, I don't know about you, I don't want to just defend myself. I want to be a cord of three strands that's not easily broken. Are you following me here?

So, what God wants to do right now in this season is get you into an alignment with others. You could use the internet for this, you could use people at church. It doesn't matter. Agree with others in prayer, and you're going to see something change in your life.

Now, I want to share something with you that's really important. This is after spending time in the Word. I noticed this. The book of John, the first time that Jesus shared a personal prophetic word. It's John 1:48 and—John 1:47 actually—Philip brings Nathaniel, and he has this encounter. He gives him a word of knowledge. That's a prophetic ... that's a piece of the prophetic, right there. Jesus, He says, “There's a true Israelite, one in whom there's nothing false” (paraphrase).

Now, you go down a little bit in verse 51, and He added this. Listen. This is the first personal prophetic word Jesus shares that I could find in the Bible. He said, “I tell you the truth, you will see heaven open, and angels ascending and descending on the Son of Man” (paraphrase).

Wow! That's an open heaven. So people ask me, who do I focus on opening the heavens? There it is. Jesus' first personal prophetic word was, “you will see the heavens open and the angels ascending and descending.” Now we have the opportunity to do that, whether you see it with your eyes, you know, or a vision or in a

dream, it doesn't matter. It doesn't matter how it comes to you. God wants to open the heavens. And Jesus' first prophetic word to someone was about opening the heavens. Now, He also said later on, "you will do greater things than I did," and so we have the opportunity.

In fact, we are in a season of the Church right now, we're in a season in which God is opening the heavens in a greater way. He's revealing great revelation that was previously hidden from other generations. Now, this is so important, because we're about to get a download of revelation from the Lord that won't violate the Scripture. In fact, it will go hand-in-hand with what God is doing. But it's going to be outside the box of what we're normally used to, and I'm already getting some right now.

In the early part of 2017, I had 50 days of encounters behind a veil in Heaven that I can't explain, except 2 Corinthians 12, where Paul says that he was taken into the Third Heaven, into Paradise or Heaven. He saw things and he heard things that were ... he couldn't repeat some of them. And I had those encounters last year. I was given a strategy—kind of like blueprints almost—for the new revival that's coming to many of the outcasts. I've been telling you about this.

But that's just one example. You don't have to go to Heaven. I was already experiencing a level of those things years ago in dreams, in different ways. So, it doesn't matter. Don't worry about this. See, the bottom line is that we actually ... In fact, it's in Ephesians 1:17, Paul says this. "I pray that you would have wisdom and revelation." Wow. "I pray that you would have that so that you would know Him better." You see, that's what God wants for you. He wants your eyes to be opened to the wisdom and the revelation and the riches of His glory, so that you can know Him better.

So, when I'm talking about this stuff, my purpose, everything I do, I nail it down on the foundation of knowing God better. That's so, so important. So, when we start to flow in the new things, in the new revelation coming, it's for that purpose of Ephesians 1:17, to know Him better. I tell you, I would give it all to just have a good day with the Lord on the couch. That's where I've come to in my life. And I don't strive anymore like I used to in my life. I pray that for you, too.

Well, I'm really excited, because we have a special guest on the show. She's a friend of mine, and every time I'm around her, my life changes and the heavens open. Her name is Kat Kerr. She's a revelator of Heaven, she's a prophet to the nations, as well as she's the president of [One Quest International](#)—that's in Florida. She travels around the world. She has authored several books. [Revealing Heaven](#) was one that helped me out early on. And lots of things about opening the spiritual realm. And Kat ... I tell you, well, let me just tell you my story.

We spoke together at a conference a couple of years ago. I hadn't really met her. I had heard her stuff and, wow, the Lord connected us right away. I grabbed hold of her hand, and we prayed and Heaven opened. And we were both seeing the same vision. I

remember this. It was so powerful. And it was a room with jars of oil. I was already going there, but I didn't know it. This was a couple of years ago. I was already going there, but I was going there in dreams and visions. And then after that, I began to have heavenly encounters. And then I had the 50 days behind the veil. Maybe I had it before, I'm not sure. But right around there, everything opened up at a greater level. So, I'm so excited to welcome Kat.

Doug: Kat, welcome to the broadcast. I'm so excited to have you here.

Kat: Thank you very much. I'm excited to be here.

Doug: Yes. Why don't you just tell us a little bit about yourself?

Kat: Well, I've been really busy, especially in Heaven lately. Because God is doing new things in the Earth right now, and especially in those that He's anointed and called to do specific things with Heaven. So, there's a huge shift.

There's another whole level that we'll be going to, and to different places we've never been before. And high places—even high places on the Earth like, that we will impact the lives of kings and presidents. And He's actually also in the business of shifting governments—not just His body, not just His leaders, but even in the world itself.

Doug: Yes.

Kat: He's shifting governments, who will then open their doors to hear from those who know God.

Doug: Right. Yes, I'm seeing that as well. And similarly ... Kat and I, we always say we have a job in Heaven. We live there, maybe more than our current time.

Kat: Yes.

Doug: In fact, Kat goes to bed at 4 a.m. and I'm getting up at 4 a.m. So, we must punch ... punch the clock at a different time. But the Lord is moving. Maybe just, for part of my tribe that might not know you, maybe you can just give an introduction to that part of what you do.

Kat: Okay. Yes, this all started ... Well, actually, from the time I was really little, I began to have encounters with Jesus. And I'm a seer. I'm a seer, which means my eyes are open all the time to the spirit realm, which gives me a whole different lifestyle. And I discern everything by the Spirit and not the flesh. I've been doing this since I was really little.

But in 1996, Jesus walked through the wall of my home and informed me—did not ask me, because they have permission—and He informed that the Father and He were going to start taking me on tours of Heaven for their purposes. Of course, I didn't question anything. I just said, "Yes, okay." And from that day, They have started taking me, and They have never stopped.

Doug: Wow.

Kat: It's really unique. It's like, I know some people go in the flesh. I've never been in the flesh. It's always in my spirit. He just reaches and catches my spirit up and takes it wherever He wants it to be in Heaven. But literally, it is just like I'm on the Earth. I walk on the ground. I can touch the flowers, if they hold still long enough. They're always moving, singing, they're always worshiping. And, of course, I've eaten the food in Heaven. It's amazing. I've been to many places—literal places He designed in Heaven for us to be blessed by, have access to, create, invent, actually to even have fun. So that's what I've been doing now for over 20 years.

Doug: Wow.

Kat: And then at one point, Jesus walked back through the wall in my home and said ... I believe it was 2005. He said, "The Father and I want you to write books about all the things We've shown you. We're going to reveal Heaven to Earth like We never have before, and erase the myths and the mysteries that man or the enemy have tried to promote about Us."

Doug: Yes.

Kat: And boy, did that start a roller coaster in my life of doing that! At the same time, He informed me of many of the things I would be doing, like writing movies, writing movie scripts, meeting presidents, and being in all these different arenas. He's going to give me a platform and to speak for Him. So, it's been nonstop business. It definitely made me very aware of the Body of Christ and how much they need to know and they don't.

Doug: Right.

Kat: So, I think that's one of the things that has been holding some of them back. Having that intimate, powerful relationship with Christ, thinking they have to be something so special and holy before they can reach out to Him. But honestly, He just wants us to know Him. So, my relationship with God increased on every level. But also the love I have for people on this Earth also increased. Not just the believers, but people in this world. He gave me a heart for them.

So, I'm busy writing books and movie scripts and going to places. And He is shifting that right now into more key places He is taking me, and very specific places. Like in the business world, I was doing a lot, because I'm also the CEO of a corporation—a for-profit corporation—called [One Quest International](#). It has one vision from one God, and that is to reveal and create Heaven on Earth. And so I have been doing a lot in that realm. And then, of course, I'm going to be doing arts and entertainment, which is the movie industry, being involved in that.

Doug: Uh huh.

Kat: Even the news and media now, He's adding. It is the news and media. So, I'll have a radio station, eventually a television one to speak from for Him for whatever purposes He wants. Truth to be known, revelation to be given, even to people as they're watching, to give specific words to leaders and celebrities and people like that, even as they're watching what I'm doing. So, there are many things He's got me involved in. It's not going to slow down, because He's not slowing down right now.

Doug: Right. This is the time. I'm so excited, because you're one of the few people who actually, you're living out, you're doing the things "on Earth as it is in Heaven." It's, like you and I both know, it's done in Heaven and then we need to bring it onto Earth.

Kat: Yes. You're absolutely right.

Doug: You know, whether it's planning strategies, or just our authority.

Kat: That's right.

Doug: And I think it really is a misunderstanding. I've been telling people for years that, you know, I didn't really change anything. What I do now, I still do the same thing. I have a quiet time, I take communion, I read the Bible, I worship. One day a door opened in Heaven, and the Lord invited me.

Kat: Yes.

Doug: He didn't come to me, but I had to go there. I don't know if that is similar to what you do. Do you ... ? Sometimes He comes to you, but more often you have to go there, right?

Kat: Most of the time He catches me up and takes me there ...

Doug: Yes.

Kat: ... and many times doesn't even warn me. It's like, it's a lifestyle right now. It doesn't matter if I'm in a grocery store, parking in a parking lot, literally sitting on the front row waiting to speak, it doesn't matter. He'll catch me up. And He doesn't just tell me things, He shows me ...

Doug: Yes.

Kat: ... what He's talking about.

Doug: Right.

Kat: So, it's like a child. You know, He makes it so simple. Like I'm 8 years old and, you know, when an 8-year-old gets something exciting, they can't wait to share it. So, I'm the same way. I don't really hold anything back. And He actually wants me to talk about things that He has shown me, not just in Heaven, but in the future or what happened in the past, or what's about to happen right now on this Earth.

Doug: Yes.

Kat: So, yes. It never stops. So, I have to always be ready to record things, write things down. And He's always assigning different angels to me all the time. He'll introduce me sometimes to them, and tell me why they're there so ... because I have a commission. This is not just something ... I literally did not choose this myself. I chose to obey Him. And whatever He was wanting, I was willing to do it, and said that to Him many years ago. And every day of my life, I spend at least 4 hours just pursuing my relationship with Jesus Christ.

Doug: Yes.

Kat: And that's when Jesus walked in and said, "This is what We're going to do with you."

Doug: Wow.

Kat: And in the course of that, He moved me out of my own personal job, which was a nice one. And then He moved my husband out of His job. And at one point, we lost everything we had and didn't care, because we knew He was doing something with us. And it wasn't us He was showing, it was everyone around us.

Doug: Umm.

Kat: We still worshiped Him, loved Him. We gave. It was like nothing was going on in our life, because we really knew ... because Jesus told me before it happened, number one. And we knew we never changed who we were or what we did, even though we went through that. Then one day somebody walked in, dropped keys to a million dollar condo and said, "Here. Go stay there for a while."

Doug: Oh, wow.

Kat: So because, see ... So, all we were, was willing and obedient. Which, we all know, is very key to do something for God. If He has been asking, you have to be willing—but then you actually have to do it.

Doug: Right. So, the alignment, that's aligning. Because you're being willing.

Kat: Yes. Yes.

Doug: I always say to people, you know, don't envy people like us because, you know, we get strategies and stuff. But even Noah, when he got the strategy to build the ark, he still had to swing the hammer, you know?

Kat: You are absolutely right.

Doug: That's the other part of it that people don't realize. There's work involved.

Kat: There is a lot of work involved. And I tell people, you give your life away. Because if you laid your life and find it in Christ, He's going to make sure He keeps you busy all the time for what He needs us to do ...

Doug: Right.

Kat: ... that's going to impact many, many lives. This isn't just to make us feel special. Trust me. He requires things that don't make any sense in the human mind, which makes it very strange to normal people. But supernatural people, it's the way they live, even in Heaven.

Doug: Exactly. Exactly. So, I'm excited. We talked a little bit ahead of time, and we were just kind of sharing notes. And we asked the Lord, really, to open a book—because every day of your life, according to Psalm 139, every day of your life is written in a book, and that's today.

Kat: Right. Sure.

Doug: So, we ask the Lord just to open a book right now. As Kat begins to speak some revelation here, it's going to open a book. It's going to open

understanding to you. So, share with us about what God has put on your heart.

Kat: Well, a lot that He talks to me about and, specifically, actually there's another .. the book has definitely been opened. Besides the book, there are new scrolls that have been opened in Heaven. And when He opens a new scroll in Heaven, it's because it will align Heaven with the Earth. And a lot of the alignment right now that's taking place is with the hosts of Heaven, the armies of Heaven. A whole new scroll has been opened about the hosts to complete their destiny with us.

Actually, what the Father told me was, it would be impossible for them to complete their ultimate destiny without working with us, because they were created to fight for us. They weren't created to defend Heaven. And, trust me, they don't have to defend Heaven. God is sitting on that throne, and He has no issue with anything. If it comes up and He doesn't like it, He throws it out like He did in the past with lightning bolts.

But right now, this is a special time. It's as a new thing. Before, we would pray and God would send the army to do different things. But in this time, we actually get to command them, which is kind of strange to most people. Every time God opens a new scroll and tells me about it, it's an ancient scroll of the hosts and us together. And it's actually written in the scroll, when He opened it you could see the writing come alive. And then you saw, literally, like a video of what was going to happen when He opened the scroll.

We really have the right to command the hosts, because the Lord did. He was the Lord of hosts. He, Himself, commanded that army. And He even said on His day that He was before the Sanhedrin, He said, "If I wanted to I could call the army of Heaven to come and fight on My behalf." Now, He said that standing there as a righteous man. He didn't say that as a Son of God. He stood there as a righteous man. He had the right to access that—and so do we.

They are one of ... one of our mighty weapons. And what He has called them to do now ... The Lord Himself has sent them to this Earth. And when we agree and invite them as our weapon, we are sent 100 army members to each person who asks. And it's their position as a commander to send them on assignments wherever we know evil is. Because all we know of evil is caused by one person. It's caused by Satan and his army.

So, we have the right to send any of the angels against the activities of these dark armies. And I have seen mass things happen against Isis, against terrorists, against all kinds of hidden violence, which now is being exposed everywhere. And they're part of the reason that we will be able to create

regions of light on this Earth. And in those regions of light, sin and crime will not be able to exist, because it's the glory that will be in those regions.

So, this is a whole new thing that's happening on the Earth. It's one of the big shifts of God aligning us with Heaven's plans and ancient scrolls, and it's already in our own book. He wrote this. We actually knew about this when we were in Him, and He would share all this with us. We actually knew this before we were sent to the Earth, but we didn't remember it.

Every now and then, I find someone who actually comes up to me at the end of a meeting and says, "I know this may sound wild, but probably not to you. But I remember when I used to sit in God's hands, and He would tell me about my future."

Doug: Wow.

Kat: And that's exactly what happened. He was that close to us. In the Bible and even in Jeremiah it says, "I knew you before you were born." He knew ... He knew Jeremiah. He knew him. And do you know what? He saw us. He spoke to us. He knew who we were or were going to be on this Earth. We didn't look like us now. We were just little spiritual beings.

And when the Bible says ... Because the Father's always filling me with the Word. Whenever He shares something, He'll always show me where it is in the Word. When in the Word He says, "I knit you together in your mother's womb," that does not mean He put your arms and legs on. That means that little spirit—that little spirit-man that you were before you came here—they had to knit and attach that at the time of conception to that little dot of flesh. If they didn't knit it there or attach it there, it would want to go right back to Heaven.

Doug: Wow.

Kat: So, the more revelation ... That's revelation for people who never knew where you lived before you were on this Earth. You actually lived inside the Father. Inside the Father, there's no back, there's no sides ... it's eternity. So we all, whoever lived on this Earth, were in Him. He carried us. And the Word says, "In Him we live, we move, we have our very being; the prophets and poets of old have spoken of these things."

What things? When they lived in Him, and moved in and out on the rays of glory. We've already been in the glory. We just don't realize it. We were in the glory when we were in Heaven, because we were with Him. And then He sent us to this Earth so we could have a body. Because to have dominion in the Earth, you have to have flesh. If that was not true then every demon

would be sitting everywhere taking over everything. But they can't do that. We were given dominion over this Earth, and Jesus gave us power over all the power of the enemy.

We are definitely more than conquerors. We're rulers. We're rulers with Jesus Christ, and we came from Them. And then we were made in Their image and after Their likeness. And "after Their likeness" —here's some more revelation—means that we operate like Them. What They look like is Their image. Their likeness is how They operate. So, we were created to be like Them. We're not God. We're supposed to act like Them, think like Them, and have an impact on this Earth. He made this Earth, so we could have dominion. He didn't make it for the devil to have, and the devil has no right to anything except what we let him steal or take.

So, we could go on forever and ever with this, but I have already seen this. I have been there and been shown it. I saw myself when I lived in Him, and what kind of a life we had then. We didn't have to decide where are we going to live, what are we going to eat. Our soul was not totally engaged in our spirit-man at that time. Not until Adam was made.

And Jesus formed Adam out of the ground. Actually, his name was the Word at that time. And He stepped out of God, and He began to form Adam's body. I was also shown this. He formed Adam's body. It was perfect. It was amazing. But there was no life in it until the Father stepped up and breathed Adam's little spirit of life from inside Himself into the nostrils of Adam.

And then he became a living soul, and would then have accountability for his own actions, his own choices. He had his own will to use and, of course, the enemy was right there thinking, "Well, now they're not inside Him. I will get them now that they're outside Him." But in reality, we all know that Satan is a loser, the biggest loser of all. And it is our time now.

We don't have to beat him up or take something back from him, except what we're supposed to be operating in and haven't. We have to prove to him, "I am a child of the living God. I have been given authority over all of the darkness. And I'm not tolerating you in my life, tolerating you tearing up, killing and stealing and destroying. You have no place given to you except hell."

He's up on this Earth and running rampant because people sinned. And when there's a lot of sin in one certain area, then the demonic has a lot of control over the Earth. But in this time, the more and more we realize who we are and start living on this Earth like they do in Heaven, taking the full authority we have over the enemy, it's going to shock hell. Stun their plans.

And for some time on this Earth, we're not going anywhere for a while, because we have to do all the things Christ said we would do. We will walk in such authority. We will literally create regions of light and glory on the Earth. And if people walk in them, they will get saved. If dead people are driven in there, they will come to life because I was also shown that happening.

Doug: Yes.

Kat: So we can't think of ourselves as the same. We are not the same. And we're even more gifted than we were just a few years ago.

Doug: Yes. I'm so excited. Now, this is so, so deep. Now, there's this thing. I'm seeing this shift as well. I've seen scrolls open. Now, we've never talked about this together, but I've seen this similar thing where these scrolls are open. I see the video, I see it in writing, and then I begin to proclaim that and bring it into my life or my ministry or prophetic words. That's how I've been getting it. I've never heard anyone else talk about it like that, so this is really, really exciting. So, the Lord released the revelation to you about this ...

Kat: Yes.

Doug: ... and that we can now operate in His authority without having to beat up, you know, I don't know ... go to war against something we've already won. We just need to war on ourselves. Is that what you're saying? Like, we need to just bring ...

Kat: You are ... That is absolutely the truth. And that is why believers are so beaten down and crushed, as they don't really understand the authority that we have. Even if they just read what Jesus said and believe we could operate in that, their lives would be different. But when revelation comes ... And what God says—the Father calls it “the big picture”—He's shown me the big picture of why He sent us here, and what the fullness is that we will be able to accomplish for Him.

People get excited, because I actually share this to entire congregations. But I don't just share it, I train them to operate on Earth like they do in Heaven. Because it's nice to hear something, but when you know how to live that way and how to produce things—so much fruit for the Kingdom, and then crush the plans of the enemy—you're going forward in the Kingdom but you're crushing the enemy at the same time.

Doug: Come on.

Kat: It's like, don't wait around for him to beat you up, people! Don't wait around for him to steal from you. You need to be going forward, because he's under

your feet. He's the only doormat in existence. We are not doormats. God never said you were going to be a doormat. He never said that to us. He said Satan was under our feet. That's a doormat. And, let me tell you, the only reason why things are rising up and the Earth is crying out, is they're crying out for the sons and daughters of God to stand up and begin to manifest like, like God.

Doug: Yes. That's right.

Kat: And the Earth cannot be the same. It even talks about it in Romans 8. Read Romans 8. It even talks about it in Romans 8, when the manifested sons and daughters walk on this Earth, even the Earth will be shaken, even that will be changed, even that will begin to be redeemed. I mean, we will ... He showed me, took me up to Heaven, showed me what would be happening. We would go to some dry parched place in this world, where like, you know, the dirt ruts and the crevices would be a foot deep and our words would become seeds. And when we spoke corn, the corn would shoot up out of the ground right then.

That's a manifested son or daughter of God. When we speak, the earth will have to listen and will have to produce. We will speak to things like poisoned streams, and we'll speak to them to be made whole and be purified, and instantly they will be pure, because this is what They did. This is what the Trinity did. This is the authority that They have, that They gave to us.

If you're going to manifest the very power and presence and life of God in the Earth, then something is going to happen, and that means things are going to change. And people, instead of living in fear of the end, should rejoice and celebrate that they are alive right now. Because for some time, the darkness will be pushed back and crushed down, so that God can have His glory cover the Earth like the waters cover the sea ... not once, but over and over and over and over again until—this is what He said to me—“until I have erased the grey area that says there is no God.” And when that happens, there will only be light and darkness; there will be no grey area for people to hide in.

Doug: Wow.

Kat: And He said, “When those in the light speak, it's not going to be a little candle that comes on them. It's going to be like fire and lightning coming out of them” The light will be blazing and really crushing. The light of God that's in us is painful to the darkness. Demons are tormented. When we begin to live this way, they will be tormented and literally, they will be in pain.

When they said to Jesus ... This is something else Jesus showed me. He said, “Back in the Word when those demons said to Me, ‘Have You come to

torment us before our time?” He said, “I did not answer that question, because I wasn’t there to torment them.”

It is our job. He was saying that for us. That’s for us. This is the time for them to be tormented, because we won’t be just trying to get out of sin.

Doug: Wow.

Kat: Sin won’t even be a thought in our mind. We’ll be so filled with God that we’ll be going forward in the Kingdom making great conquests, taking territories and atmospheres and visions back that have been stolen by the enemy.

It says, “The spiritually violent take it by force.” And because of the very presence and person of Jesus Christ and Holy Spirit living in us, and what the Father has ordained us to be in this Earth, the Bible very clearly says we are kings and priests unto our God. Those are spiritual levels of eternal authority. They’re not necessarily replacing the fivefold ministry, but they’re different because the fivefold ministry is a temporal position. But the kings and the lords and the priests are eternal levels of authority, and you have to choose to pursue those.

I will say this: If you’re playing in the kingdom of darkness, you are not going to get to those levels.

Doug: That’s right.

Kat: You cannot play with the enemy, and then try to rule over him. So forget about the whole thing out there now, saying that you can sin all you want to and the grace will cover it. You will have no authority over the enemy, and the enemy knows that.

So, the enemy loves that message that says you can sin all you want to, and the grace is so far reaching it will cover all your sin without you repenting. Now, that is called stupidity. Because if you think you’re going to do something under this holy God ... He’s amazing, He’s funny, but He is so holy He’s not tolerating any form of darkness in Heaven. It does not exist, and He will not allow it.

He said to me—this is more revelation—He said to me that, “if I allowed everyone on the Earth to come to Heaven without My Son cleansing them and then being free from sin—not freely sinning, but He came to make them free from sin—I can’t let them in Heaven if they’re not free from it, because Heaven would be just like the Earth.”

So, guess what, people. Clean it up. Get up and clean it up if you want to

manifest and demonstrate for the living God, and do powerful things like go to a funeral and raise someone from the dead that was cremated.

Doug: Wow. Now that's coming. I believe that. That's coming. I've seen some of these things.

Kat: It is. Absolutely. Yes.

Doug: Now, when I heard ... You know, I've heard you speak, and I've read some of your books. And you're talking about moving into this time, and holiness being a key ... You know, in my life ... I had struggles in my life, and I came out of a lot of darkness. And I never really believed ... somehow I never believed I could be fully cleaned up until, just in the last few years, the Lord has released something from Heaven.

And I want to tell you ... I had been, you know, molested. I had been struggling, you know ... I had all kinds of stuff in my life. Believe me, God's done amazing work. But there was always that little postage square somewhere, the enemy still had a hold on me. But a couple of years ago, I'm telling you, the Lord is now releasing the keys to the road of righteousness. Isaiah 35 talks about the road to righteousness, the road of holiness ...

Kat: Yes.

Doug: ... and it's coming now. I've never seen it before. I'm walking in it myself right now. And I just wanted to say, what she's saying is true. I'm walking on the road of holiness that I've never walked before. Usually us prophets, especially seers, we see things in advance. That's the way I am, and I experience it, and then we release it out to people.

Kat: Yes.

Doug: So there's an anointing that's coming. In fact, it's here right now to break off addictions, to break off all the things that have held us back in the past, so that we can get ready.

Kat: Yes.

Doug: I love the saying that you have, "Roll up your rapture rug."

Kat: Yes. We actually just had some pins made, pens and magnets that actually say, "Roll up your rapture rug."

Doug: Yes.

Kat: I'll never forget when the Holy Spirit ... when I woke up one morning and He said to me, "They need to roll up their rapture rug and get their crown on."

Doug: I guess that means don't worry about getting out of here, but take authority now, right?

Kat: Yes. That's exactly what He means. And He said, "I won't forget anyone. And when I do come ..." He said, "I will come one day. I'm absolutely coming. The Father will send me. I don't know when that is."

And when I said ... So, you know, He wants us to take dominion and occupy. You know, that's actually a military term. To occupy an area or territory means you're over that. Well, our place we occupy is in the spirit realm. And in the spirit realm, we absolutely have dominion and authority over the enemy and all of his activities. But we also have authority over the Earth, speaking into the Earth.

And you're absolutely right, Doug, that whatever God told me, I had to experience it. I had to live it to see that this was real. I've only got a 12th grade education, so trust me. I don't have some great big high mind, where I know everything in the natural. That would be totally impossible for me. I've always hungered after God, but as far as being educated beyond that ...

I think it's important if people feel like God wants them to do that, but He didn't. He wanted my mind to stay simple enough that I could understand simple things, which may sound strange. But some people with a lot of education have a problem trying to just grasp and believe the simple things. If it is not written out in every detail and every "t" crossed and every "i" dotted, and they don't see it written everywhere, they have a really hard time receiving by faith.

So, He kept me in that place, but I've had to live all of this that I'm talking about. I can't tell people about authority if I have not gotten it myself. I had to pursue it. I had to live it. I had to choose to live holy, and actually it is a lot of fun. It's not some, you know, some dreaded thing or some big heavy weight to carry around that you can't laugh, you can't have fun.

I think people who live sin-free and who live holy, not only do they have more fun than people who don't, they are a danger and a threat to hell. We are dangerous. We're holy, we're fun, but we're dangerous. Now, nobody in some, you know, seminary would ever write that down as a lesson or something, because they probably couldn't grasp that either.

Let me tell you, Christ would not have said, "Be ye holy as I am holy," if it was

not possible. But we've been crushed down so long with, "Well, you know, if we step out to do something, we're going to get backlash." How about you giving backlash to the enemy before he comes near you?

Now, that's the kind of lifestyle ... You know, in Heaven they're free from all of that. But on this earth, we can live that way. And I had to prove it to myself and walk it out when He showed me. I didn't have it until I said, "Yes," and then began to follow after it. But once I did, and I saw how much my life changed and the impact it had on my family, #1. My family operates in many of the same ways I do because I had to share it. And then they had to choose it, and then they had to do it.

You can't just hear something and sit somewhere and do nothing with it. Now, that's not why He put us here. The Bible says that we train the people to do the work of the ministry. But they're not getting thorough training if they don't have revelation, if they're not being given revelation. They have a part of it, but when you begin to walk in revelation and when people hear revelation, they are stunned. They will sit there and now ...

I wonder sometimes if they're breathing, just when I start sharing about where we come from in Heaven. Some people think they never were anywhere until they were born in their mother's womb, even though He said, "I knew you before you were born," you know? But when the revelation comes, it really opens up things for people.

Doug: Yes. That's so powerful. Now, what you just said ... There's just suddenly, the heavens just shifted over some people, and purpose ... Right now purpose is being downloaded ...

Kat: Yes.

Doug: ... into you right now.

Kat: Yes.

Doug: And there are things that were written about you, and the scroll is being revealed and released right now. I just feel like there's an activation.

Kat: That's right.

Doug: Can you just pray an activation over us right now, Kat? Because the heavens are open for this.

Kat: Yes. I will actually, I could actually feel that. I felt activation more than heard it. I felt it.

So Father, I declare and agree with You that those listening, Father, You will activate them in their spirit right now. That something will be broken off of them, that their eyes will be opened, their ears will be opened, God, that to know that they can walk in the Spirit, that they can hear You clearly. That they are dangerous on this earth.

That they do not have to live in fear—not fear of what the weather is doing, not fear of what terrorists are doing, not fear about their bank accounts, not fear about what’s coming or what’s not coming, not being touched or moved by issues or situations around them ... because we were put in charge of our own soul, to guard our soul, to fill our soul with Your things and not the Earth’s things, or man’s things, or even health things that our soul can prosper.

Father, I declare that You’re going to help their soul to prosper. You’re going to bring things to their remembrance to deal with it and get it out. You’re going to bring new things into their mind, and begin to show them the future You have designed for them. Because this is the time right now—not 5 days from now, not 10 years from now—but right now is the time of the day of His power.

We are not in the time of His wrath. We are in the day of His power. And do you know what? You need to be willing. So God, I declare they’re going to be willing. They’re going to be obedient. They’re going to have greatness on the inside of them, because that’s why You put us here. This is the day of greatness. And to be great for Him, to put aside your own, any selfish desires that you have and let Him have His way in your life.

So I thank You, Father, right now that You’re activating their spirit-man. That You’re going to open up their eyes and ears, and some people will even have their eyes open to be a seer in this time for You. I thank You, God, for the prophets. The new, Kingdom-age prophets will begin to stand up and prophesy an accurate future for the believer in the Body of Christ on this Earth. And not just stay in the old times and the old ways, because when You do something new, we will do something new. When You reveal Your ways, we can walk in Your ways. So, this is the time right now. Say “Yes” to the activation. Say, “Yes, I am willing.” Say, “Yes, I will demonstrate and manifest for You with my life in this Earth, just like it is in Heaven.” Amen.

Doug: Amen. Wow! I am so excited. Every time I get around Kat, every time we connect our spirits ... I don’t know, I just feel some kindred spirit and something happens as we come together, and I’m so excited.

We’ve been talking with Kat Kerr, the revelator of Heaven, as you can see

right now, and the president of [One Quest International](#).

So Kat, can you tell us maybe how to get a hold of you, how to follow you, anything you have to offer to help people understand more about what you do?

Kat: Yes. To probably get more daily stuff, I do have a public Facebook page. It's called [The Kat Kerr](#), public Facebook page. I also have a public YouTube channel, which is also [The Kat Kerr YouTube Channel](#). My website, I have two of them. One is [RevealingHeaven.com](#), and that's tied more to my corporation, where we offer a lot of products and things. We're about to flood the market place with like, all kinds of things—not just the messages, which are very powerful and important. I don't even remember how many I have, CDs, DVDs. We're in the midst of, right now, making them into an MP3 format so people will be able to download them. We're also in the process of doing that with my two books, [Revealing Heaven I](#) and [Revealing Heaven II](#). My main website is [RevealingHeaven.com](#) and my second website is [KatKerr.com](#).

[The KatKerr.com](#) is a spiritual platform that I let the Father, Son or Holy Spirit say whatever They want to. It's going on that website. You can send somebody there that knew nothing about God, and they would learn so much revelation. It's a way to give revelation to everyday people, to leaders in the Body of Christ. It teaches you the keys of the Kingdom, how you lose all that stuff in your soul as you grew up.

You know, we're in this life every day. And what you put in your soul, the Bible says, is what you will become. When He says, "Guard your heart," He's talking about the very heart and core of your being, which is where your soul is. Because your mouth will speak. It will speak of what's in your soul. And that revelation will share with you how to fill your soul with God, but how to loose from your soul, because it's the keys to the Kingdom.

You choose those keys to loose every trauma, addiction, fear, unworthiness, offense, whatever it is that the enemy has tried to put in you. Or living around people like that has put in your soul, you can loose every bit of it like it was never there. And then you can choose to bind to your soul.

Now, I was always taught growing up that I bound the devil, and that's the only way I knew to use the keys. I didn't know about loosing anything. What are we going to loose? I knew to bind the devil. But God the Father actually showed me the reverse. You loose all the stuff of hell or wicked man or sinfulness. You loose it from you soul. And then you bind to your soul—so your soul can prosper—you bind the life of God, the love of God, the presence of God, His joy, His celebration, His validation, His creativity. You

can just go on. And every time you do that, you're literally planting them in your soul and binding them, so no one can take them out.

Guess what's going to happen? Your soul will prosper. And what does the Word say? My God desires above all else that I prosper and I live in health. There's a key right there to healing and wholeness—that if your soul is prospering as it's filled with God, as you're speaking words of life to people, then your whole body will begin to line up, and sickness and disease will begin to leave your body and soul.

There are powerful things He is loosing in the Earth today. And the Father told me, "I don't have time for My children to go for 6 months of counsel or 6 months of deliverance."

Doug: Come on.

Kat: You know, "I don't have time. So, I'm going to reveal the true purpose of the keys to the Kingdom, and if they will do this as a lifestyle ..."

Like, people, of course, bash me and trash me. And I will, if I read or someone says it to me, I actually say, "I choose as an act of my will to loose every harsh, judgmental, critical, hateful word. I loose those words from my soul. I will not keep them, in Jesus' Name." And I can't even remember, I cannot remember what they were.

Doug: That's right.

Kat: So therefore, I'm not affected by anything that they had said to me. And I can live joyfully in this Earth, filled with life, filled with expectancy. So there are things happening now that have never happened before. And people really need to understand this is there for them.

So, those things I just spoke about, you can go to KatKerr.com. We have dozens and dozens of videos that I have made to give revelation. It's all free. There's no charge to get any of that.

People were bombarding me all the time, because I never ask people for money. I just don't think about it. It's not that we don't need it, I just don't think about it. So, that is the only place ... I tell people, if you go to some fake website, not mine, it may have my pictures on it or some fake Facebook page saying that I'm collecting money for something—that's not me. The only way you can give is in KatKerr.com. There is a thing you can click on called [The Treasury](#). And the Holy Spirit designed all of this, what to call it and everything. You can go there and give, because you're never going to get letters from me asking you to give, emails to give. I'm never going to say that

on Facebook. But you know, when you get known, Doug, they make fake ones everywhere. There's every kind of fake Kat Kerr.

Doug: Yes. I'm glad you mentioned that. I have the same problem.

Kat: There's every kind of fake. And, do you know what? They'll even use the same pictures that are on my real ...

Doug: Exactly.

Kat: ... public Facebook page.

Doug: That's how we always ...

Kat: They'll take it and they'll copy it.

Doug: We always tell people that, you know, "I don't have an orphanage in Africa. I'm not asking for money." Now I do talk about giving, but it's over on my website. And it's just sad what's going on out there. But thank you for the heads-up on all that.

Kat: Thank you.

Doug: Man, this is a powerful, powerful revelation in the download we just got from Kat. Go to her website, go to her YouTube page. I've watched some of her stuff. Get her books. You know, *Revealing Heaven* is so, so, so powerful.

Kat: It's life changing. It's powerful.

Doug: Kat, thank you so much just for who you are and for being on. And I just wanted to say thanks and bless you in all you do.

Kat: You're welcome ...

Doug: All right, everybody.

Kat: ... and blessings to you too, Doug, ...

Doug: Thank you.

Kat: ... and may God increase you in every way ...

Doug: I receive that.

Kat: ... and bless you in every way.

Doug: In fact, I need to gain some weight.

Kat: Amen.

Doug: I'm the only guy on the planet who needs to gain weight, so I receive the increase.

Anyway, great!

Kat: Amen.

Doug: All right, everybody. Thanks so much. See you next time.
