

New Year Vision to Possess the Kingdom

Doug Addison [Episode 161]

December 30, 2020

Hey friends, Happy New Year! Doug Addison here. It's December 30th, 2020. It's not New Year's yet, but this is my New Year's Eve podcast. And welcome to *Spirit Connection*.

I got my ... I don't know if you can see it, but this is my glitter party jacket on. And I know the Lord's gonna release some good things. He's got a word to release over you that's gonna shift things. I'm so excited for what's coming.

And Lord, we just thank You for Your goodness. We thank You that You're moving in the midst of everything. Yeah, we're in a pandemic, but the Lord is high above it all. And I'm gonna release this word You gave me, Lord. I just pray right now it would fall on ears to hear. I pray that it would just spring up and produce the things that You saw that You showed me it would, in Jesus' name. Amen.

You know, God's releasing something new right now, and He's opening up the new plan for you. And the verse He keeps giving me is Isaiah 5:19 for this time of the year: "The plan of the Holy One of Israel, let it approach. Let it come into view that we may know it." Now, I like *The Passion Translation* of this which calls it "the *prophetic* plan of the Lord." This is the time of the year the Lord's releasing the prophetic plan. We're moving into the new year. The Lord says, "Get ready to step into a new season." And let's take a

look back, you know, in 2020. A recap in 2020. It's important to understand things from a heavenly perspective.

You know, it was a difficult year for many people. It did bring about needed changes, though. And the Lord used this time to reinforce us as a Church. He has reinforced us as the Body of Christ in the midst of the pandemic. And now we're being positioned on the internet, and the amount of worship and prayer that is now happening on the internet is actually waging war against the darkness that once ruled it. Now, many people have been afraid of the internet in the past and afraid to go online, or maybe some stuff happened. But the Lord's calling us. I've been saying this for a long time. The new revival's coming through the internet!

It's very similar to the time when Jesus came. There were roads that went everywhere. There was one common language when Jesus came. It was Greek, and the Romans built the road, and it was under oppression. But then, the Lord came in the midst of it, and the fullness of time had come ... is what the Bible says. I believe that we have supernatural superhighways. We have roads everywhere on the internet, the worldwide web. And the one common language is the internet. You can get language translators, etc.

But God's now establishing us to take the ground of the internet. And I know that at one time, I thought back at Resurrection Sunday in 2020, I thought that we'd actually taken it. I had announced a prophetic word that we had taken it. But the more I look at it, the more I go back and rehash that out, it was a tipping point at that point, but we hadn't really taken it. There was still some battling to go, some things to do. But definitely a tipping point happened because, you know, right around Easter and during the Passover, a lot of the prophetic people (including me) were getting these words that there would be something shift. And we thought it would be against the pandemic, things like that. But I believe that we didn't understand. We see in part. We prophesy in part. But when completeness comes, then we understand.

So, the completeness is now here. For me anyway, I'm understanding that the Lord brought us online. "Get online or get left behind," is what I kept hearing. And that He is using this. You know, people have contacted me saying some of my prophetic words, you know about the pandemic were wrong, especially when it first came out. You know what? We all did our best. My goodness, people were looking for someone to blame. The whole world was caught off guard, you know? It was a tough time to prophesy. And at the beginning, I thought it would go through quicker than it did. But I tell you, if you go track my blogs, track my *Spirit Connection*, I adjusted my message along the way. And I thought it would go through more quickly, yeah.

But you know what? It's time now just to stop blame shifting and step up and take the Kingdom. Actually "possess the Kingdom" is the word the Lord gave me. And it's not been easy to prophesy during this time, but God is making a way through it. For me, 2020 was, you know, a lot of people say it was difficult. Very inconvenient, that's for sure. We had to social distance because we have a 95-year-old family member in good health, and we wanna keep 'em that way, if you know what I'm sayin'. And so, we want to, you know, just really be sensitive out there to the number of deaths and the strain on the healthcare system, etc. But the Lord, you know, He's making a way.

My assignment for 2020 has been to keep people encouraged and on track, to break the spirit of fear, identify each month with my monthly prophetic words what it is that we need to get, and then prepare for God's greater power and outpouring. I keep releasing this word: "The storehouses on Earth are empty. They're being tapped out." That's why 2021 is gonna bring a release of supernatural finances for those who could be trusted with it. And God has been using this to test our hearts.

So, it's not a time to be fearful. It's not time to stock up on food or guns. It's a time to be generous and worship the Lord. And InLight Connection, my ministry, we qualify for the Payroll Protection Plan. We received \$35,000 when the pandemic started. We thought

we would need it. In fact, we could've actually used it. It would've been a lot easier, but I just felt that there were so many ... I looked around, I saw so many businesses and ministries were struggling. We've been already online fully for five years, so I just saw people struggling. So, we agreed to give it back. And they were so busy, they couldn't take it back. So, once they okayed it, we paid it back. So, we just ... we didn't do anything, we paid it forward, basically with that.

The Lord gave me a strategy instead of receiving that money, which we could have, He gave me a strategy that allowed us to cut down our prices on things and bless more people with online training. We had to do two events a month for the last three months. Now, that's a lot for us. We were exhausted after three months, but that was a strategy the Lord gave us. You know, some of our events were free, and then it was followed up with a paid training. We did that for three months, and it allowed more people to receive the message. It shifted the spiritual atmosphere over us.

And so, from my viewpoint, this has actually been an amazing year! You know, we've been able to bless people in the storm. We've been able to help other people. So, here's my recommendation right now is stay at peace in the storm. Bless others as much as you can. You know, don't hoard money right now. We're not gonna go down because a certain president isn't there. My goodness, the Lord is our ... He's our head. He's the one. And don't be afraid right now. Be encouraged and reach out to others during this time. This is the heart of the Lord.

Now, I wanna shift gears into what's happening in the heavenly realm. I saw a vision, actually, two years ago today. December 30th, 2018, I had a vision. And I saw What I'm about to show you, I've talked about it a couple times, but it didn't make sense to me until now. And the Lord said, "The vision you had, Doug, two years ago today is now coming about." Now, let me take you into this vision because it took place in the Courts of Heaven. And the Courts of Heaven are active right now. Throughout the Bible, we see God interacting similar to the legal system on Earth, you know. And we see the

Isaiah 43:26 which says, “Review the past for me, [let us] argue the matter together; state your case of innocence.” So, we see that this very similar to that what we see in the Bible, very similar to a legal system on Earth. But it’s not like a judgmental system. The Courts of Heaven is best described as a place of prayer and petition where we can obtain justice from the Lord.

And we have the Bible. We have the finished work of Jesus. We have the, you know, we have the blood of Jesus, finished work of the Cross, the power of the Holy Spirit. But some people are just saying, “Isn’t that enough?” Well, sure, if you’re succeeding. Absolutely, if you’re blessed! But if Satan’s over-attacking like he is right now with injustices, then we need the Courts of Heaven. And throughout the Bible, we see this, that we’re the petitioners according to Philippians 4:16, we can actually petition in prayer. Isaiah 33:22, God’s a judge! He’s a righteous judge. A good judge. We think of judgment as bad, but not necessarily. In 1 Timothy 2:5, Jesus is the mediator. It’s like a court system. We see Satan as the accuser in Revelation 12:10. And also the Holy Spirit as our witness in Romans 8:16.

So, as we’re looking at this, I’m just fast-forwarding you into a crash-course of the Courts of Heaven. But in the midst of the Courts of Heaven, I’ve been doing training for a long time on it. But in the midst of it, the best description of the Courts of Heaven is Daniel chapter 7. And actually, the Book of Daniel is like the end-times vision. There’s a vision and dreams about the end-times. But suddenly, in the midst of this end-time vision, the Courts of Heaven pop open. I wanna read you Daniel 7:9–10, and I’m gonna release this word. Here it is:

“Thrones were set in place, and the Ancient of Days took His seat. His clothing was as white as snow; His hair white as wool. His throne was a flaming fire; its wheels were ablaze. A river was flowing like fire coming out before Him, and thousands upon thousands attended Him; ten thousands upon ten thousands. The court was seated and the books were opened.”

This is the Ancient of Days Courtroom. This is the highest level. It's very equivalent to the Supreme Court on Earth. And judgments are done there, things ... End-times. Big stuff. Big things happen there. Two years ago today, I had a vision of the Daniel 7:21 court opened. Want you to write this down and look at it. And this is right after the books were opened, and in the midst of the end-time strategy, you know, in the midst of this the Courts of Heaven opened. But in Daniel 7:21, "As I watched, this horn (which is a demonic force) was waging war against the holy people and defeating them (sound familiar?) until the Ancient of Days came and pronounced judgment in favor of the holy people of the Most High. And the time came when they possessed the kingdom." The Lord says this is happening right now.

Two years ago today, I had this vision. And the court case started December 30th, 2018. This high-level court case ... We didn't know what was gonna happen during 2019 and 2020. We didn't know. But this demonic attack began to move. And what's in the Bible, actually, it says that the holy people were being defeated! Friends, I'm telling you right now, Satan has been defeating us. But the Ancient of Days Court has ruled two years ago today, this case started. The Lords says it's now final. And in verse 22, "... until the Ancient of Days came and pronounced judgment in favor of the holy people of the Most High, and the time came for them to possess the Kingdom."

Now, I've been talking about this, but it didn't really strike, you know, for the last two years I didn't quite grasp it. I knew that something was going on. I knew that case was happening. I saw it over different people and places. But judgment of the highest level of courts has been made in your favor. And I tell you, this is the year we are going to possess the Kingdom.

Lord, we thank You for this New Year's Eve word. We thank You that You started this case two years ago, and now it's time as we enter into 2021 to

possess the Kingdom. Lord, we thank You for Your goodness, in Jesus' name.
Amen.

Who-o-o-! I'll talk more about this through my prophetic words that are coming.
