

## Seven-Year Strategy of Breakthrough Revealed

Doug Addison [Episode 219]

February 9, 2022

Hey, friends, Doug Addison here. Welcome to *Spirit Connection* podcast, February 9th, 2022. I have a prophetic word that I released for the month of February. And you'll want to check it out. It's very, very strategic, and it's going to set the course for your life for the next few months. One of those deep, deep words. In fact, the title is [The Start of Sweet and Deep Revelation](#). DougAddison.com. You can go there on my website or just search "sweet and deep revelation." I'm out on social media. It's all over the place right now.

So Lord, we ask now—open the heavens. We pray for the anointing. We pray for Your power to flow. And just as You've done a turnaround in my life (and I'm a signs prophet, it means that what happens to me ... quite often I live these words out), it's going to be a turnaround for other people (including this week's strategic message of seven-year strategy of breakthrough, a seven-year strategy of breakthrough). And Lord, we ask that Holy Spirit, the angels, everything that's needed in Jesus' name. Amen.

Well, you know, I just released this word and I'll just tell you a little bit later, I'm at my home office for the very first time in a long time. I've been here, you know, I live here. But I haven't taped or anything because I've battled, and I've raised up prayer. So, I just want to say thanks to all of you who have been pressing in.

I mean, the Lord said, “You're getting a worldwide attack, Doug Addison, you need to raise up the world to pray for you.” That's why I've utilized social media. I've utilized my podcast and sure enough, I got a huge breakthrough and it's just been happening over time.

My health is—, I got hit in my health again, but it's back up. I've gained weight. I feel great. I'm hearing the Lord and (not that I wasn't, you know, but it's been a cloudy time), the Lord released the sweet, deep revelation that I did on my podcast last week and my prophetic word for this month. But this week, even ... the last couple of weeks, He started releasing—. I just want to give you kind of a recap of that word you ... you'll want to get the fullness of it. But right now, basically is this, is that Ezekiel 3:3 is one of the big verses. The Lord spoke to Ezekiel, “‘Son of man, eat the scroll I'm giving you, fill your stomach with it.’ And as I ate it, it tasted as sweet as honey in my mouth.”

This is the start of brand-new ... it's a brand-new season of revelation, and it's going to be sweet, it's—, for me, even. I'm getting this sweet, fresh revelation into things, even if I'm just praying with my wife or praying over something, I get these wisdom and understandings. So, the Lord says, “Your suffering and trials are now coming to an end.” And to begin—, We're going to sense the Lord, this presence. He's going to redeem it all. And all the suffering's going to be used for glory, so get ready to write down what you're hearing from the Lord. Expect to—, the release of new ideas, songs, strategies— has no limits right now.

So, the other—, I'm still recapping the word for February and beyond is: Be strong and courageous, but show kindness and love, and this is based on Ezekiel 3:9. The Lord says, “I will make your forehead hard as stone, harder than flint. Do not be afraid of them. Don't be terrified to speak out, though they are a rebellious people.”

Now, listen. Stand strong. The Lord has caused many of us to stand up right now in the storm, stand up against things. We need to stand up for what we believe, but we're moving into a season right now. You must be careful to **not** be too harsh—you know, let your zeal for the truth overpower the fact that you might start wounding others, the very people that you need to reach, that you want to change.

God's moving in their hearts and remember that you yourself needed a process to change and understand things. And so, there's a shift in mindsets going on right now, the very people that we are trying to influence, maybe in our families or lives, businesses, government, whatever, maybe we're praying for people. We got to make sure that we're not letting our [chuckles] our crusade for the truth to overpower or wound people so that they don't hear your message, especially in this season that we're moving into, because God's moving behind the scene.

Another part of the prophetic word for February—God is changing the way we think and plan. Proverbs 16:9 (a man or woman), “In the heart makes his plans with the Lord directs his steps.” February marks really a starting point, a major shift and people using human planning, which is OK, you gotta start somewhere. We start out in the flesh, no matter what you—, we're body, soul and spirit. When you go to worship, you start out in the body, you clap your hands, then your soul gets aligned with the Lord and same with prayer ... and then your spirit connects.

So, it's OK. We do need this human part. We do need to sit down and think, and we need to do that thing. But previously, it's been difficult to discern the will of the Lord, and we've been operating under a spiritually clouded time. But I tell you, it's coming to an end and there's a major change coming for you and the ability to hear and discern the voice of the Lord and His will with confidence. Again, it's going to be a little process to get there, but it's happening. So be encouraged. As this month marks—, this month, that marks a change for major, major, major change. And also, it's a shift in people's mindsets right now.

So, be encouraged that things are happening right now, and you may want to listen to my entire podcast because I do an activation prayer, I go into way more detail. You know, a word about women, a word about leadership, you know, the governmental things in there as well.

So, the prophetic word for February 2nd, 2022 is [\*The Start of Sweet and Deep Revelation\*](#). Now here's what happened with me. I got it. I tell you, the theme this month, and it sure happened to me. And right now, the Lord is moving. He's giving deep revelation and insight. Like for me, my life, my ministry ... in the past two weeks, you know, after I released that word.

And yeah, I want to share a major prophetic word I got while driving my car with my wife, Linda. And I got a panoramic vision of the last 21 years, and it actually is what's going on right now. So, we were taking a drive. And suddenly, I just tell you, I got—, it was a near open vision (wasn't quite), but those are the internal/external—, I tell you. I don't know if it was—. It doesn't matter how it comes to you. In other words, it was just suddenly—, it was in a brilliant understanding of cycles of time, repeated cycles of time that started in 2001. And the Lord has been moving in seven-year intervals that seem to coincide with major events in history as well.

So, in 2001, that's really the starting point of—. I've had this word before, you know, but the Lord gave me some fullness of that. I reached out to some others and got some confirmation as well from others, but I heard the Lord about this. 2001—we know that as 9/11, you know, September 11th terrorism hit the United States, the homeland. Sent a shockwave around the entire world. But I tell you, Isaiah 59:19 still stands, “When the enemy comes in like a flood, the Lord will raise up a standard against him,” and that's what He's done.

So earlier that year, though, in 2001—February 28, to be exact. Late prophet Bob Jones had an encounter with the Lord, and it was with specific strategies for the coming moves of the Lord in the U.S. and Canada. This vision, you know that Bob got. When I ... I actually saw it on a video a little bit later, and that video hit me so powerfully that we launched my ministry InLight Connection 20 years ago, this year. Twenty years ago, we launched InLight Connection, based on this vision that happened in 2001, while other people are looking at 9/11. Yeah, we were praying about it. Fact, it was two weeks after 9/11 that we started InLight Connection. And then Linda and I ... man I tell you, my wife's the word of—, You know, she's got a lot of strength and wisdom. I'm the one who, you know, I'm the high flier, you know. So, for her to come into agreement with this, you would have to know that it was a good balance for the two of us.

You know, in other words, we literally sold everything except some personal belongings, of course, at age 42, to go after this vision of the Lord when we started InLight Connection.

A few months later we sold it all, basically. And it's not required, I'm just telling you the story about what happened and to make a very long and exciting story short, here's the seven-year intervals.

2001, you know, that was a major hit on the U.S. and hit the world, you know. But it was also ... the Lord released a major prophetic word. And so, seven years later, over this next seven years between 2001 and 2008, we mentored and ministered with some of the most amazing men and women of God you could ever imagine, including Bob Jones. You know, I was an out-of-work Vineyard pastor at the time. And, you know, I did not try anything, to do anything to align us, the Lord did. John Paul Jackson, Larry Randolph, Bobby Conner, to name a few (there were many others). But over that seven years, the Lord took that word that I got, the word that Bob Jones got, the vision that he got, and ended up going around the world and impacting the world.

So now, that was the first seven years. Now here it is in 2008, the housing market. Here we go. Here's this big crash. The first one was 2001—the big hit, but the Lord hit. I tell you, we had some amazing conferences and we had an amazing anointing going on for those seven years when terrorism was hitting hard. The Lord hit back financially. He did all kinds of things over—. You just got to look at it with “eyes to see.” I want you to look at your life and see this. And seven years later, we're now in 2008. The big hit again—the housing market crash of 2008. This was in the United States. It affected others, but typically people, they tend to look at things and not see the Lord, not use the “eyes to see.”

You know, tragically, people lost their homes. I'm not going to downplay this. You know, believe me, being in ministry, I was traveling at that time. You know, I am praying for people. And there was a shockwave. It went around the world and the housing market crashed, but not for everyone. I tell you, many people who had money were able to buy homes, and I know people in ministry. They bought homes. They were buying them. I remember hearing Dave Ramsey's story. He says, hey ,you know, during that time, you can do this. I don't—. Some of my friends were doing this. They bought some homes and made amazing amount of money for the Kingdom and for businesses.

So, in the midst of the downturn in '08 Linda and I, believe me, we're not flippers, you know what I mean with houses. But we sold our house in 2008 in the worst part of the downturn. We don't even know how to do all of this, but we made \$30,000 on it. And I tell you, the Lord spoke to me Genesis 26:12. Take a look at it. He says, “Then Isaac sowed in ... he sowed his seed in the land and reaped that year a hundredfold, the Lord blessed him.”

Now, if you take a look at that chapter, that was a great, there was a huge famine on Earth. He reaped a hundredfold in a famine. I'm just gonna let that rest on you for a minute. And you might've lost previously but take a look right now. We made \$30,000, but we also in the midst of that, the Lord set us up to be able to move and relocate. We

went in debt. One side of us ... on one side, wow, OK, we're getting blessed personally. We're able to function and we've given it all to the Lord. Remember, we sold it all. And we're able to function with the Lord. Then on the other side, the ministry goes in debt. So, the Lord can bless you in any economic condition or downturn.

Seven years later ... OK, between now—, let's go to 2008. We've got '01. We saw it in 2008. Now 2015, that's an interesting time because things started to turn around. You know, you have to look at it and what happened to us is that we had gotten in debt \$50,000 in our ministry during the downturn. And really, that's where it hit, it was the downturn. Man, I tell you, I was a traveling itinerant minister at the time, along with everybody else. All of us were struggling and everyone, because of conferences had changed. The landscape had changed. But the Lord, I tell you, during that seven years between 2008 ... And it was right around halfway through—at 2013, right smack in the middle—the Lord gave me a strategy to retire the \$50,000 of debt over our ministry. And I tell you we had not been—.

Anyway, I'm just saying ... I'm just saying, listen to me about this story because there's power in it and because it's—, something shifted, right around when I was stammering for my words because an anointing was hitting people, I saw a wave and shockwave. And as a seer, I could see people like, “Whoa, whoa, whoa, whoa, something's going on here.” We were able to retire \$50,000 ... well it was \$45,000 of debt in three months' time without receiving an offering because we are a ministry. There's nothing wrong with offerings. In fact, giving is the gateway to receiving. It's a gateway to blessing. Giving is very important, but we got a plan from the Lord to utilize the internet back then. And this is it was in late 2012.

And yeah, in 2013, right? The first quarter, you know, the first month ... I got a strategy to use a brand-new, cutting-edge style—combining coaching, online training and personal interaction, all packaged together in one. And we still use this today. But you know, the Lord gave us that in 2013. And I tell you, we were \$45,000 in debt. I had a

dream on how much to charge, even for this course. I thought no one's going to pay \$1500 and 30 people signed up for this! This online training. It was called *Activate Your Life Calling* and that was a three-month plan. It was ahead of its time. Now we're used to seeing this right now. We're used to seeing this, my goodness. We got all kinds of training going on, but I tell you even some of the ones who are working right now in this said, "You know what, Doug Addison that you were a forerunner" because people were not doing that back then, especially the internet side of it. The combination—not just in internet training. Combination of coaching combining with online interaction and personal interaction. We combined all three and no one was charging \$1500. Thirty people signed up, do the math. That's \$45,000 in our bank account in the matter of days, we retired the debt and the Lord—, listen to me. The Lord broke the back of poverty and debt off of our ministry, and we have never gone back.

We have never—. In fact, something has happened right now and since then, Deuteronomy 28:12 (listen here), "The Lord will open to you His good treasures, the heavens, to give you rain in your land in season and bless the work of your hands and you shall lend to many and borrow from none. I tell you, we shifted into the mode of being the lender instead of the borrower. We've been able to give money. I now have the freedom to do what God calls me to do when He calls me to do it. I'm just saying, I'm not apologizing here. In fact, we sow pretty much everything we do back in, you know, and we sow everything.

And Linda and I live very humbly. And that's just our value. There's nothing wrong with having stuff at all, you know, and it's our value. We sow it back in and we sold it all at one time and it keeps coming back in waves and waves and waves and waves. But you know, the biggest thing with that was ... we were ahead of our time, and I was a forerunner in many things. I've been a forerunner in prophetic evangelism. I was a forerunner in bringing coaching in. I've been doing prophetic life coaching for years, 20 years. I was a forerunner in bringing these things in. And then again, I was a forerunner

in 2013. I found the way to combine these things, so ... and there's nothing wrong with the—.

We have this solid, you know, where it's just an internet course. That's great. You could do it, you know, a DIY, you know, you Do It Yourself. Then we have these other ones that I do. But yeah, I have ... I have this one strategy that I used that was ahead of its time—got us out of debt. That was 2015. That was a turnaround. So that was a seven-year period.

Now, seven years later. Do the math, 2015 plus seven. Oh, my goodness, it's 2022. The Lord is releasing His plans and strategies once again to save us out of the pandemic. He's going to recover your losses right now, the pain and the suffering as well to help finance the greatest moves of the Lord that we've ever had. Jeremiah 29:11, “For I know the plans I have for you,” declares the Lord, “plans to prosper you and to not harm you, plans to give you a hope and a future.”

Now I want to say it again. Prosperity to me—Doug Addison—it could be different to you, but it's having the freedom and the finances to do what God calls me to do when He calls me to do it. And we were already online when the pandemic hit. My goodness, we were already online. You know, we were ministering online, and the Lord blessed us, and we were able to give money away. Yeah, we were able to give money away, and we still do that today.

I'm just saying, this is the year of your breakthrough. This is a start. This month is a start of a change, but this is a year—2022 is a year of your breakthrough. I want you to ask the Lord to show you if you have any similar times as far as these sequences. Take a look at 2020. You know, go back and take a look. I journal. I remember things. I tell you. I tell my wife and she laughs at me. I can't even remember my own home phone number. You know, I have trouble with PIN numbers, but I have a photographic memory when it comes to words of the Lord. And I tell you, I know the Lord is moving right now.

Also, ask the Lord if there's anything that you need to do right now to claim your repayment. "I know the plans I have for you," declares the Lord, "plans to prosper you and not harm you, plans to give you a hope and a future," starting right now in 2022.

Lord, we activate this in Jesus' name. Open the heavens like You said. Deuteronomy 28. Open the riches and the storehouses of Your bounty to bless the work of our hands. (Wow, whatever that means, He blessed—. I was a computer ... I had a high-tech background, you know, but He blessed the work of my hands, doesn't matter. He'll bless the work of your hand. Just hold 'em out right now.) Lord, bless the work of our hands. Bless the works of our hands. Give us the strategies. Give us a download strategy, in Jesus' name, amen.

Well, DougAddison.com is my website, and right now we are doing a special because I'm talking about the coaching and stuff like this. We're doing my [Prophetic Lifestyle Training Kit](#). I released this a little bit ago where I pulled everything together—how to become a lifestyle trainer. Now this is kind of like a ... coaching you. It's not the coaching that you might think, but this is coaching you in how to become a person that people will listen to.

And this is a step. Believe me, this is a step for people who want the Joseph anointing because the *Prophetic Lifestyle Training Kit* will teach you ... basically, it's prophetic evangelism. And it was my message I had on how to communicate with people. You get that down and then you're able to fulfill the word I just gave to, you know, stand up for the truth, but do it with love. This will show you how to do it, and it's just a powerful time. So right now, go to [DougAddison.com/PropheticLifestyle](https://DougAddison.com/PropheticLifestyle), Prophetic Lifestyle. And it's a powerful, usually \$150. I mean, it walks you through everything, gives you everything you need to get ready for this next move of God. It's \$39!

Also, consider partnering with us, InLight Connection. We're actually an online church, and many people don't know that. Go to [DougAddison.com/Partner](https://DougAddison.com/Partner). And for the longest time, I'll tell you we—, you can have your own church. That's great. Some people call me their pastor, but once a month we have a Zoom meeting with our Partners. And also, Partners are anyone who partners with us once a month with any amount. We have a special group ... actually, we've had a Facebook group, but we're moving it off because we found out a lot of people might not like Facebook.

We're doing a new cutting-edge network, private network for our Partners so that you can interact with each other, pray for each other, and we have a Partner Coach. Oh, she is so, so good and she's in there every week with people. I tell you, this is just like being part of a church. You could be on your own church, but InLight Connection Partner program where we just minister, we—. And once a month, when we have our Mentoring Meeting, I prophesy over the Partners and then our team prophesies. And each week you can put in your prayer requests. It's a powerful, powerful community. Also, just consider just giving as well. [DougAddison.com/Partners](https://DougAddison.com/Partners). I'm excited. I'm so excited!

Lord, we pray that You would release the anointing right now. Release the angels, release Your power, release Your glory. Release Your peace, in Jesus' name.

See you next week.
